World Health Organization
REGIONAL OFFICE FOR Africa

TIST Re-opens Quantification As We Continue to Take Safety Measures Against Covid -19.

Kenya Government has recently relaxed some of the restrictions in regards to Covid-19 pandemic. These restrictions has been eased to allow people to work and engage in social & economic activities as they continue to adhere to laid down guidelines by Ministry of Health.

TIST East Africa Leadership Councils and US Team have been carefully discussing how we can safely return to Field Quantifications.

On 14th July 2020, we held an online video seminar (Zoom Seminar) with select Cluster Servants from Kenya and Uganda. We discussed in depth various options and best ideas on how we can keep serving our farmers.

During this video conferencing seminar, many TIST Cluster Servants believe that we can still do Field Quantifications if we strictly adhere to the safety procedures given by the Ministry of Health, the Government and World health Organization (WHO) in regard to the Covid-19 pandemic.

In order for us to resume quantification, the first consideration is every one of us to take personal level of awareness and safety. Covid-19 has proved to spread quickly and widely within a short time.

However, if we adhere to Government directives, we can significantly protect ourselves, our loved ones and communities we interact with.

These guidelines only refers to re-opening Quantification. CLUSTER MEETINGS REMAIN CLOSED. PERSONAL SAFETY MEASURES FOR FARMERS AND CLUSTER SERVANTS

- **Wear a face mask.**

Remember this is a legal and safety requirement. It is illegal to be in public places without a face mask. We should at all times wear a face mask.

For a Cluster Servant and TIST Farmers it is important that you put on a clean and disinfected mask. If you happen to buy a cloth mask, please make sure you wash it with soap and some disinfectants such as Dettol before using it.

- **Keep Social distance.**

This is a Government regulation that prohibits public gatherings.

As a TIST Farmer or a Cluster Servant, make sure you avoid crowded public places or where there is some kind of social gathering. Please note, we are ONLY re-opening Field Quantifications and NOT Cluster meetings.

When you meet a Quantifier / Farmer, or any other person out there, please keep a physical distance of 1.5 – 2 m.

- **Wash your hands.**

Make sure you wash your hands with running water and soap as many times as possible in a day. Carry with yourself a bottle of clean water and soap. If you can, buy a recommended Sanitizer.

Remember to wash your hands before travelling and after. And also if touch surfaces in public building or people's houses. It is important for Cluster Servants to sanitize your working equipment every now and then. (Please be careful not to spoil them)

- **Avoid handshake.**

It is highly recommended that you avoid handshake.

- **Try as much as possible to walk, use a bicycle, or use one passenger bodaboda**

The Government has put guidelines on public transport. Matatus are required to carry not more than 60% of their carrying capacity. Bodabodas should carry only one passenger. This is meant to reduce social contact.

In TIST, we require that Cluster Servants walk or use a bicycle. During July and August, we will not be reimbursing for any form of paid transport.

- **During this period, as we re-open, we have asked Cluster Servants to work in one cluster at a time.**

- **Maintain curfew hours.**

The Government has issued dusk to dawn curfew hours from 9pm to 4 am. Please strictly adhere to this requirement.

If the Government declares a certain area or a building a cessation area (No Go Area), please adhere to that. Do not travel/move in and out of that area/building.

- **If you are unwell...**
If you feel unwell, for whatever reason, please stop doing quantifications and going to the field (for a Cluster servant). If you have flu like symptoms such as dry cough, fever, difficult breathing, etc. please, first isolate yourself from family members and others as you seek medical care.
These symptoms DO NOT mean you have Covid-19. But it is important to call a medical professional. Do not treat yourself at home or use some unproven herbal medications.

OTHER ADVICE AND RECOMMENDATIONS.

- **Avoid spreading fake news**
As a TIST Farmer and representative in the field, please DO NOT spread unconfirmed or fake news either by word of mouth or sharing through SMS or WhatsApp or Facebook. It is important that you keep yourself up to date with Government information so that whatever information you share is accurate and correct.
- **Stop quantification where an area has reported a case.**
We encourage Cluster Servants to stop doing quantification and inform any member of the LC when a Covid-19 case gets reported in any of the areas where you are doing quantification.

This time, our quantification will be different. A Cluster Servant will work in one Cluster at a time. This means that Cluster will have 100% of the Groups qualifying for payments and participating in carbon business.

TIST Prepares to pay Small Groups Profit Sharing.

Once again, TIST Program is preparing another round of profit sharing payments to Small Groups. Our goal is to enable as many Small Groups as possible to get paid. The plan entails quantifying each and every Small Group in a Cluster. As we re-open Quantification, Cluster servants are required to serve one Cluster at a time. This one Cluster must have 100% completeness. That is, all Small Groups must have been quantified in the last 9 months. All Groves in the Cluster should have been baselined properly to qualify for carbon business. Each and every Small Group should have its Greenhouse Gas Contract signed and uploaded.

As we prepare to do the Small Group payments, we have developed Frequently Asked Questions (FAQ) to help you understand Small Group payment issues and process better.

Small Groups Frequently Asked Question.

1. **Question: How do farmers who harvest their trees impact farmers who maintain them?**
The farmer who cuts down trees harms the other farmers and the TIST program as a whole, as this reduces the tonnes of carbon in the inventory, so less sales, and considering the

small group had received advance payments, this means the other farmers will have money deducted on sharing profit. The program credibility is lost as carbon tonnes bought by clients will no longer be there to be shown, this harms the TIST program's image more.

2. **Question: Will those who harvest and replant get to share in the profits?**
Yes, it is important to replace the lost carbon tonnes and getting even more from that grove area. However, this best practice is to keep the grove alive for a full 30 years, to maximize benefits to everybody.
3. **Question: At what point do farmers with small trees begin to share in the profits?**
The farmers with small trees begin to share profits immediately when their trees are big enough, quantified, profits are sale of carbon less advanced money and cost of the small group services. Farmers share profits based on how much carbon is in their trees.
4. **Question: If farmers received profit share last year, are they receiving profit share this year?**

The profits are shared each and every year. Each year, the profit share is from that year's profits.

5. **Question: If a farmer's trees are destroyed by landslide/fires/disease, is the rest of the farmers groves impacted for carbon payment? What if they replant?**

Yes the carbon payment is impacted, as it will reduce number of trees and in essence carbon tonnes, to replant more trees is the best practice to get back the number of trees and in essence carbon tonnes.

6. **Question: What is the profit sharing? How is it calculated?**

Sale of carbon tonnes - cost of the program = profit, so 70 % of the profit get to farmers and 30 % of the profit get to Clean Air Action Corporation finances TIST, expansion to new areas, and who helps in "Packaging" of carbon.
-Better said: Revenue – expenses = profits

7. **Question: How do farmers qualify for the profit share?**

Farmers plant trees and have them quantified to qualify for profit share. Once we make profit, the farmers get 70% of the profit and CAAC gets 30% of the profit. Farmers continue to qualify each year if they keep their trees alive for 30 years.

8. **Question: How can a Small Group calculate what their share is?**

Please read your voucher for information on how many tonnes you have, the amount per tonne, and the total prepayments made to your Small Group. As a small group, they discuss between themselves how to share their profit, this in itself help the farmers make their own decision in the spirit of the small group organization.

9. **Question: Why is the profit share important to TIST?**

Profit is money made by farmers, this helps in paying off many bills like school fees, food, clothing, etc, thus it is very important to farmers. Profit share is important to Clean Air Action Corporation because it helps the program to expand to more farmers.

10. **Question: If a farmer harvests, can they still receive Profit Sharing? If not, why?**

No, as profits are made by sale of carbon tonnes, so harvesting trees no sale is done on carbon tonnes, so no profit. Harvesting hurts the farmers who remain in the program.

11. **Question: Will farmers receive prepayments during lockdown?**

Yes. We shall start paying farmers as soon as possible.

12. **Question: Who gets the remaining 30% of the profits?**

CAAC, this attracts people to invest in TIST, helps to pay for the costs in developing TIST, helps pay for costs of packaging the carbon, expansion, office expenses, employee's salaries and reimbursements, and many more other costs

13. **Question: Does each SG receive the same amount for profit share?**

No. The amount of profit share depends on how the amount of carbon tonnes sequestered from the Small Group's trees.

14. **Question: How often does the profit share occur??**

The profit share will be received each and every year

15. **Question: If part of a grove is destroyed by natural causes does the rest qualify?**

Yes

16. **Question: When a grove exists but hasn't been updated can it affect the profit share? When it is updated are the tonnes lost in the meantime??**

Yes. SGs which have not been updated in the last 18 months will not receive the profit share. When the grove is quantified all of the accrued tonnes are captured and eligible for payment.

17. **Question: For farmers with less than 1,000 trees they ask us why they are not paid. What can we tell them??**

Farmers with less than 1,000 trees need to plant more trees for them to qualify for prepayments. The GHG contract says that farmers will plant 1000 trees in the first year of joining TIST and 5000 trees in the first 5 years.

**18. Question: Can we give tonnage information by grove instead of group???**

NO. TIST works with Small Groups and not individuals by grove.

19. Question: Will carbon/profit share continue for 30 years?

Yes. As long as the trees are kept alive and TIST has profits to share.

20. Question: How much carbon can a tree sequester? How much is this worth?

A tree can sequester more than 1 tonne of carbon. Trees should be kept alive for 30 years to maximize this carbon. Carbon prices depend on the global carbon markets. TIST has sold tonnes from between \$3-10 US, before expenses.

21. Question: How does recovering lost tonnes work?

Lost tonnes will be made up by the small group by planting many more new trees.

Others make up tonnes by maintaining the existing trees and letting their growth exceed the lost tonnes. For some this will occur naturally because tonnes lost are a small proportion and their trees are healthy

22. Question: Will unpaid groups and groves be paid? When?

Yes. As soon as possible

23. Question: Can you explain verified vs sequestered carbon?

Sequestered carbon is the carbon that a tree has or holds in its trunk and branches. While verified carbon is sequestered carbon that has been validated by verifiers.

TIST Cluster move towards building more Quantification and Training Capacity.

During this time of coronavirus (covid-19), TIST Team worldwide have been having regular seminars via video conference. These seminars have been discussing how we can improve TIST so that our farmers can continue to increasingly get more benefits.

We want to improve quality Quantification and Trainings. We have listened to many of your leaders who have requested Quantification to be improved in their Clusters. Farmers want to grow more trees and those trees get quantified in good time. And carbon money paid on them!

Trainings helps farmers to share Best Practices. Increase on activities that gives them more benefits such as more income, better yields in their farms, more education, better leadership among others.

As we continue to protect ourselves and our families against covid-19, we have had discussions about how our Quantifiers can safely go back to Quantification work without putting themselves into dangers of Covid-19.

In this Newsletter, you will see some of the safety measures we have put in place.

In order to improve Quantification and Training, we need more Cluster Servants.

We request you and other leaders in your Cluster to help identify good candidates to be trained as new Cluster servants.

Here are some criteria that you should consider....

1. The person you select must be an adult. That is, above 18 Years of age and not in school, college etc.
2. The person you select should be a member of TIST, or have some knowledge about TIST or Someone who wants to join TIST. Being an active member of TIST should be an added advantage.
3. The person you select should be able to use or learn to use a smart phone. TIST is now using smartphones for quantification, communication, Cluster administration among other duties.
4. The person you select should be ready to abide by TIST Values.

- | | |
|---|--|
| <p>“We Are Honest”
 “We Are Transparent”
 “We Are Accurate”
 “We Are Mutually Accountable”
 “We Are Servants to Each Other”
 “We Are Volunteers”
 “We Create Big Results With Low Budgets”</p> <p>5. The person you select should be a resident of the Cluster or GOCC that s/he will be serving.</p> <p>6. The Person you select should be willing to work with TIST and Farmers for long term (several years)</p> | <p>7. The person you select should be willing to learn and serve farmers diligently</p> <p>8. The person you select should have a recommendation letter from area Chief or sub-chief or a Church minister or an elder.</p> <p>The right candidates will be trained to become Cluster Servants. If they are successful, they will be given new roles and responsibilities to help serve you better.</p> |
|---|--|

TIST Embraces New Tools for Communication.

During this period of Coronavirus (Covid-19) pandemic, we in TIST, realized that we need to find new methods and tools of serving our farmers. Like most TIST farmers who discovered and tried new Best Practices in their farms, some of which were shared to us via photos and video, TIST Leadership also made significant steps to try, develop new tools to help in communication. Some of these tools include;

- Commcare
- TIST Learning Center
- Phone Tree Messaging
- Answer Desk
- Zoom Video Conference
- Whatsapp

Commcare.

This is an online platform that has enabled TIST to carry surveys, examination tests, and do reports among others.

Commcare has been very beneficial to TIST program in getting important information. All our Cluster Servants have been trained successfully on use of commcare.

TIST Learning Center .

TIST Learning Center is an innovation online program developed by TIST Experts to offer Trainings to TIST Servants and Farmers. It is an exciting program that provides one stop learning platform. It helps sharpen the skills and knowledge about TIST in a simple, friendly manner.

TIST Learning Center is available in Google Play store. Go to TIST program.com

Phone Tree Messaging.

This is an innovative tools to disseminate text messages to TIST Farmers. A Cluster Servants receives a message from TIST Leadership and inturn forward to TIST members at Small Group Level. This helps in spreading TIST News, information to Small Group members in quick and wide reach. We are calling upon Small Groups members to provide their mobile phone details to Cluster Servants so that they too can be included in this program.

TIST Answer Desk.

This Answer Desk will enable TIST Participants to ask questions, make calls to the call center and get responses instantly.

We will provide you with more details as we progress with this endeavor.

Zoom Video Conference.

TIST Leadership in East Africa, India and United States of America have been holding regular meetings (2 meetings per week) over ZoomVideo Conferencing platform. We have been able to hold seminars. Further, as mentioned elsewhere in this Newsletter, we have been successful in doing a joint Cluster Servants Seminar for both Uganda and Kenya.

Whatsapp.

Whatsapp Groups have been very useful in communication, discussing and sharing ideas, and helping each other in doing important tasks.

REGIONAL OFFICE FOR Africa

Muradi wa TIST kurugura ringi ngugi ya utari wa miti amwe na gwita mbere kwigitiira kuumnia na Covid-19.

Thirikari ya Kenya niiregeretie mawatho jamwe jegie Covid-19. Mawatho jaja jaeretue nikenda antu boomba gwita ngugi na gukuria nthiguru ki mbecha o bagitaga mbere kuthingatira mitaratara ya ugima wa mwiri.

Utongeria wa TIST kiri East Africa na US nibethiritwe bakiariria njira imbecha jia kuambiria utari w miti.

Taraki 14 mweri wa Julai mwaka wa 2020 nitwekire mucemania ndene ya mitandao (Zoom Seminar) wa atari miti bamwe ba Kenya na Uganda. Nitwaririe na uraja njira inyingi na imbecha uria tugeeta mbere gutungatira arimi ba TIST.

Kiri mucemania uju, atari ba miti nibagwitikia nobete mbere na utari miti kethira bakoomba kuthingitire mawatho jaria jekiitwe ni ministry ya ugima wa mwiri, thirikari na nkinya gikundi gia ki nthiguru kigii ugima wa mwiri kwigitiira na Covid-19.

Nikenda tucokeera utari wa miti, nonkinya muntu o wonthe tuike w kwimenyera ari we mwene. Covid-19 ni nchoma igutamba na mpui muno ndene ya kagita kanini. Kunari ugu, tukathingitira mawatho ja thirikari, no twigitire, tukagitire baria twendete na aturi baria twikaraga nabo.

Njira iji ni ji uria tukarugura ngugi ya utari wa miti aki. MICEMANIO YA CLASTA ITIRA RUGURWA.

NJIRA JIA KWIMENYERA JIA ARIMI NA ATARI MITI.

- **Ikira karembeko (masku).**
Ririkan uu ni watho na nkiny njira ya kwigitira. Ni kuuna watho gwita kiri antu baingi utikirite karembeko. Nitubwiri magita jonthe twikire karembeko.
Atari miti na Arimi ni untu wa bata gwikira karembeko katheru na gekiri dawa. Ukeja kugura karembeko ka gitambaa, ibwecha kaurwe na cabuni kana nkinya Dettol.
- **Ikara araja na muntu ungi.**
Uu ni wathow thirikari wa kugiria antu bacemania baingi.

Uri Murimi wa TIST kana mutari miti ni bwega webanire na gwita guntu kuri na antu baingi. Nibwecha uririkane ni utari bw miti aki tukurugura na ti micemania ya Clasta.

Riria ugucemania na murimi kana mutari miti ibwecha butigane na kanya ka mita imwe na nusu gwita mita ijiri.

- **Thamba njara.**
Ibwecha ukathamba njara na ruuji rugwit na cabuni maita ja maingi o muthenya. Kamataga ruuji na cabuni kana ukoomba guura sanitiza imbecha. Ririkana kuthamba njara mbere wita na wauma gwita na nkinya watonga naria kuri na antu baingi kana nyomba jia antu bangi. Ibwecha atari miti ku sanitize machini cia ngugi o kagita (menyeera utabithukie)
- **Tigana na nkethi jia njara.**
Menyera gwita ugikethanagia na njara.
- **Geria o uria kumbika gwita maguru, kana baisikiri kana wite na bodaboda ya muntu umwe.**
Thirikari ni ikirite mitaratara ya ukamati wa mwingi. Ngari cia matatu iri na kanya ka gukamata antu gicunci ya mirongo itatantu kiri igana nacio bodaboda igakamata muntu umwe bubu bukanyihia gukwianiria.
Kiri TIST, atari miti nonkinya beete maguru kana na baisikiri. Kiri mweri jwa Julai na August TIST itiria ngarama cia ukamati.
Kagita gaka,riu tugiita mbere kurugura nituuritie atari miti batara clasta o imwe imwe.
- **Menyeera mathaa ma kabuu.**
Thirikari ni ikirite mathaa ma kabuu kuuma thaa ithatu jia utuku mwanka thaa ikumi jia ruukiri. Nonkinya twathikiri untu bubu.
Thirikari ikeja kuinga ntuura kana ona nyumba imwe, nonkinya twathike. Ugeeta kana uuma guntu ta guku.

**- Ukethira wajiitue....**

Ukethira wajiitue nuntu bwa gitumi ona kiriku, mutari miti ugeeta mbere na ngugi. Nonkinya utige gwita miundene ya arimi. Ukethira uri na homa, gukoora, muthutira kana kuremwa gwikia miruke ebanira na family na antu bangi ucue utethio wa dagitari.

Bubu tikuuga uri na Covid-19 no ibwega gwita ataaramu ba ugima wa mwiri. Utigeete mbere kunywa mithega uri mucii kana gutumira dawa jia kienyeji.

MATAARO NA MENDIKITHIA JANGI.**- Ukaejaga ntumiiri itina gioto.**

Ja murimi wa TIST kana murungamiri wa TIST,

ukaejana ntumiiri itina gioto gukurukira kwaria na muromo, ntumiiri cia thimu, facebook ona kana Whatsapp. Nibwega gwikara ukigwataga ntumiiri jia thirikari nikenda umenya nteto jia uuma.

- Rekana na ngugi ya utari miti ntuura iria igwetekanite na Covid-19

Atari miti nibakurombwa gutigana na utari miti ntuura iria igwetekanite na Covid-19 na nibwega kumenyithia LC.

Kagita gaka utari wa miti ukethirwa uri na mwanya. Mutari miti akambagiria na clasta imwe mbere. Guku ni kuuga clasta ikambaga gutungatwa yonthe ikarika na ikambiria kugwata mbeca nkinya cia carbon.

TIST niikwibanga kuriha ikundi baita.

Na ringi, muradi wa TIST niukubangania ringi kuriha ikundi baita ya carbon. TIST niikwenda muno kwona ikundi inyingi ikigwata baita yao. Mubango ni kwona ikundi jionthe ni itari ndeene ya clasta. Riu tukirugura utari wa miti nonkinya atari miti batungate Clasta o imwe imwe na ikarirwa ngugi ikarika. Guku ni kuuga, ikundi jionthe kiri Clasta jiithirwe itari ndeene ya mieri kenda. Miunda yonthe nonkinya ithirwe itegi bwega nikenda yoomba kwona baita ya carbon ikundi jionthe nonkinya jiithirwe icainite contract ciao.

Riu tukiibanga kuriha ikundi, turi na jiuuria iria jiiikaraga ikiuragua nikenda twerewa mutaratara wa marihi buria witaga.

Jiuria iria jiuurangagua jiegia ikundi:**1. Kiuria: Natia arimi bari batemaga miti yao bathithagiria baria bamenyerete miti yao?**

Murimi uria utemaga miti ni etagiria baria bangi na muradi wa TIST unthe niuntu bubu nikabunyihagia tonne jia kaboni kwogu tukethirwa twina nini jia kwendia. Na niuntu gikundi nikia rihitwe mbeca imwe jia alubanji guku ni kuuga arimi bangi batigagua kugitw

mbeca jiao kiri kugaa baita. Muradi wa TIST nau ka wagaga gwikua ringi ni baria baguraga tonne iji kwogu mbica ya TIST ikathukua.

2. Kiuria: Baria batemaga miti na kuanda kairi bakagaa baita?

Baka gaa baaita. Nibwega gucokia tani iria jiuurite na kugwata jiingi inyingi ndene ya iunda iu. Kunari ugu, nibwega gwika miti nkuruki ya miaka 30 niguo kugwata baita inyingi ya gutethia antu bonthe.

3. Kiuria: Ni ri arimi ba miti i minini bakambiria kugaa baita?

Arimi baria barina miti i mi nini bakagaa baita miti yaneneha, itarwe, baita ni mbeca iria igatigara alubanji yaritwa na ngarama ya gutungata ikundi. Arimi bakaga baita kuringa na carbo iria iri kiri miti yao.

4. Kiuria: Kethirwa arimi nibonera baita yao mwaka muthiru, bakagaa baita kairi mwaka uu?

Baita ika gaagwa o mwaka. O mwaka withagirua wina baita yauu.

- 5. Kiuria: Miti ya murimi ikathukua ni maporomoko, mwnki kana mirimu ri, arimu bau bangi bakoona thina ya mbeba cia carbon? I bakaanda ingi?**

li, gitumi ni miti ikanyiha na tonnes onajio. kuanda miti ingi ni njira imbega ya gucokia iria yurite ona tonnes.
- 6. Kiuria: Kugaa baita nimbi? itaragwa atia?**

Bei ya wendia wa tonnes - ngarama ya utungata = baita kwogu gicunji kia 70% ni kia murimi nakio gicunji kia 30% ni gia Clean Air Corporation iria itethagia Muradi kuanduka ntura ingeni, na igatethia kubanga Carbon ita thokoni.

Niwega kuuga: Mbeba iria wona wendia - ngarama = Baita.
- 7. Kiuria: Arimi boombaga atia kwona baita?**

Arimi bandaga miti, bagatarirwa niguu boone baita. Riria twona baita boonaga 70% ya baita nayo CAAC ikoona 30% ya baita. Arimi beetaga mbere kwona baita o mwanka kethira bageeka miti gwa kagita gatikunyia mia 30.
- 8. Kiuria: Gakundi kanini koomba atia gutara gicunji kiao kia baita?**

Thoma vocha yaku bweega wone tonnes iria winajio, wone marihi ma o tounne na wone mbeba iria gikundi kiumbite kwamukira ja alubanji. Ja gakundi kanini, nibacemanagia bakaria uria bakagaa baita yao, na bubu ibutethagia arimi gutua itua riao ja gakambuni.
- 9. Kiuria: Niki kugaa baita kwina gitumi kiri TIST?**

Baita ni mbec iria arimi bathondekete, na no itethia kuriha bici ya cukuru, biakuria ona nguo nikio kwina gitumi. Baita iri na gitumi kiri CAAC nuntu igatethia gukinyithia TIST ntura jiiingi na gukinyira arimi bangi.
- 10. Kiuria: Arimi bagaketha miti yao no boone baita? Kethira bationa niki?**

Bationa baita nuntu baita yonekaga Carbon yendua, kwogu guketha miti guti Carbon ikendua na guti baita. Guketha miti nikuthukagia arimi baria bamenyerete miti yao.
- 11. Kiuria: Arimi bakoona mbeba jia o mwaka (alubanji) kagita gaka turi lockdown?**

li, nitukwambiria kuriha ikundi kagita gati kanene.
- 12. Kiuria: Nuu ugwataga gicunji kia 30% kiu kigutigara?**

CAAC, bubu ni butuma antu bakaithia mbeba kiri TIST, bagatethia gukuria TIST, bagatethia kiri kubangania Carbon ya gwikia thoko, gukinyithia muradi naria jutikinyi?, Kurungamira ngarama cia obici na nkinya micaara ya aruti ngugi na ngarama jiiingi inyingi.
- 13. Kiuria: Ikundi jiothe nikajionaga baita ing'anene?**

Ari, Gicunji kia baita kiringanaga na tonne iria miti ya gikundi iri nayo.
- 14. Kiuria: Baita yonekaga nyuma ya kagita kegana?**

Baita ikonekaga o mwaka o mwaka.
- 15. Kiuria: Gicunji kimwe kia miti kiri munda gikathukua ni riera iria igatigua ikoona baita?**

li
- 16. Kiuria: Riria munda jwakara jutitegi no jutume baita itioneke? Yategwa ri nika tonnes imwe ikaura?**

li Ikundi iria ititegeri miti gwa kagita ga nkuruki ya mieri 18 bation baita. Riria munda jwa tarirwa miti tonnes jionthe nijionekaga na ikombika kuriwa.
- 17. Kiuria: Arimi baria bari na miti mi nini kiri 1000 bauragia niki batariwa. Tukabeera atia?**

Arimi bari na miti itigukinya 1000 niberwe bongera nikenda bona mbeba jia alubanji. Contract ya GHG yugaga arimi baande miti 1000 mwaka jwa mbere na miti 5000 kiri miaka itano kuuma batonya kiri TIST.
- 18. Kiuria: No tumenye tonnes jia o munda na ti jia o gakundi?**

Ari. TIST iritithanagia ngugi na ikundi no ti muntu umwe.

**19. Kiuria: Carbon kan baita igeta mbere mwanka miaka 30.**

li. Kethira miti igeta mbere kumenyerwa na TIST ikionaga baita.

20. Kiuria: Muti juumba gukinyithia carbon tonne igana? Tonne iji ni jia mbeba jiiigana?

Muti nujukinyithie tonne imwe ya carbon.miti nonkinya imenyerwe gwa kagita ka miaka 30 nikenda ithirwa iri na tonne ya kung'ana. Bei ya Carbon ikaringanaga na thoko na ma nthiguru. TIST niumbite kwendia o tonne £3-£10 itiitite ngarama.

21. Kiuria:tonnes iria jiuurite icokagua atia?

Tonnes icokagua na njira ya gikundi kuanda miti ingi i mingi. Njira ingi nikumenyeera miti iria itigi na kurek ikuura n yongeer tonnes. Kiri ikundi imwe bubu bugakarika bungwa nuntu tonnes iria jiuurite ni inini n miti no igukura.

22. Kiuria: Ikundi na miunda iria itirihi ikariwa? Na ni ri?

li kagita gati kanene.

23. Kiuria: Mwanya wa Verified carbon na sequestered carbon ni uriku.

Sequestered Carbon ni Carbon iria miti igite kiri gitina na mpang'i no verified Carbon ni Carbon iri miti igiite na yacok yategwa ni verifiers.

Clasta jia TIST gwita mbere gukuria kithomo nakwongera atari miti.

Kagitene gaka ga Corona, TIST nthiguru yonthe ithiritue iri na micemanio imingi ya ki mitandao. Micemanio iji irari ya kwona uria TIST yomba gukura na gwita mbere gutungatira arimi na boona baita.

TIST nikwenda kuejana kithomo na utari miti umwega. TIST nigwite wendi wa atongereria wa clasta gutarirua miti. Arimi nibetite mbere kuanda miti na nibakwenda gutarirwa o kagita n baita ya Carbon kubakinyira.

Ithomo jia TIST ni itethagia arimi kugaana njira imbega jia urimi. Njira inyingi jia urimi ni iejaga arimi baita inyingi ja wongereku wa mbeba, wongereku wa maketha miundene,wongereku wa ithomo na nkinya utongereria u mwega na jiingi i nyingi.

Tugita mbere kwigitira na nja cietu kuumania na covid-19, nituariritie uria atari miti boomba gwita na mbere na utari bati kwithirwa bari n ugwati wa Covid-19.

Kiri ngathiti iji,ukona njira imbega jia kwigitira na Covid -19.

Nikenda twitithia mbere ithomo na utari wa miti, nitukwenda atari ba miti bangi.

Nitugukuromba ugwe na atongereria ba Clasta butethie kugwata antu ba beega ba kuthomithia ngugi ya utari wa miti.

Njira jia kuthingatiira iri aja:

1. Muntu uria bukathura nonkinya ithirwe ari na nkuruki ya miaka 18 na itikethirwe ari cukuru.
2. Muntu uria bukathura nonkinya ethirwe ari mumemba wa TIST, kana ithirwe aiji mantu ja TIST kana ithirwe akiendaga gutuika mumemba wa TIST. Kwithirwa ari mumemba ni mpongeri mbega ya kuraithwa.
3. Muntu uria akathuurwa no nkinya ethirwe akiumbaga gutumira thimu ya tachi. TIST nandi nigutumira thimu ji tchi kiri utari miti,kwaraniria, na nkinya kiri ngugi jia TIST.
4. Muntu uria akathurwa nonkinya ethirwe ari tayari kuthoma na kuthingatira Mauntu jaria TIST Ikagiira,

“Turi etikua”
 “Turi ba utheri”
 “Turi ba uuma bungwa”
 “Nitwithagirwa twi tayari kuthingatirua ngugi cietu”
 “Turi atungataniri”
 “Turi ba kwiritira”
 “Nituthondekaga matokeo ja manene na ngarama i nini”

5. Muntu uria akathurwa nonkinya ethirwe e mutuuri wa Clasta kana GOCC iria agatungataga

6. Muntu uju nonkinya ethirwe ena wendi wa gwita ngugi na TIST na arimi gwa kagita gakanene.
 7. Muntu uju nonkinya etikire kuthoma na gutungata arimi bweega.
 8. Muntu uju nonkinya ethirwe ari na barua kuuma kiri Chibu kana munini Chibu kana mutungatiri wa kanisa kana muthuri wa kanisa.

Muntu uju agwatika akaritanua ngugi ya utari miti. Amenya ngugi iji, akaewa ngugi iji na utungata ungi nikend oomba gutungata bweega.

TIST ni itikirite njira ingi njeru jia kwaraniria.

Kagitene gaka ga Corona, batwi TIST nitwonire nonkinya tugacua njira ingi njeru jia gutungata arimi.

Ja arimi baingi baria bacuire njira imbega jia urimi na kugaana na arimi bangi na njira ya mbica, nkinya utongerira wa TIST ni ucuite njira ja iji jia uria bageeta mbere kwaraniria. Njira iji ni:

- Commcare
- TIST Learning Center
- Phone tree messaging
- Answer Desk
- Zoom video conference
- Whatsapp

Commcare.

Iji ni njira ya mitandao iria nandi itethetie TIST gwitithia surveys, igeranio, na gutuma ntumiiri. Njira iji ni ithiritue na gitumi kinene muno kiri TIST kumenya mantu. Atari bonthe ba miti nibaritanitue na bamenya.

TIST Learning Center.

Iji ni njira ya mitandao ithithitue ni ataramu nikenda iejana kithomo kiri atari miti na nkinya arimi. Ni njira imbega muno ya kuejana kithomo kiri amwe kionthe. Ni igutethia kuejana uume bwigie TIST na uuthu na ki urata. Njira iji no umione kiri Google

Playstore ukineta kiri TIST program.com

Phone Tree Messaging.

Iji ni njira ya gutumira arimi ntumiri na thimu. Mutari miti agwataga ntumiri nawe aka mituma kiri arimi ba ikundi. Njira iji nigutethia kuejana ntumiri jia TIST kiri amemba ba ikundi jia TIST na njira ya mpui. Nitukuria amemba ba ikundi kuejana namba ciao cia thimu kiri atari miti nikenda onabo bakinyirua ni utangata uju.

TIST Answer Desk.

Njira iji ni igutethia amemba ba TIST kuuria jiuira, kulinga thimu na kugwata macokio na mpui. Tugeeta mbere kubumenyithia aria tukinyite n njira iji.

Zoom Video Conference.

Utongerira wa TIST kiri East Africa, India na America nibethiritue na micemanio iri o kiumia ndeene ya mitandao (Zoom Video). Nituumbite gwika simina ona nkinya ya atari ba miti ba Kenya na Uganda.

Whatsapp.

Ikundi jia whatsapp jiithiritue iri na gitumi muno, kwariria na kuejana mathuganio na nkinya gutethania gwita ngugi.

World Health Organization
REGIONAL OFFICE FOR Africa

TIST Gucokereria utari wa Miti oo tugithiaga na mbere na kwigitira king'uki gia Covid -19.

Thirikari ya Kenya icaikuihi niiriga kweheria mikana imwe iigie murimu king'uki wa Covid-19. Mikana ino yeheririo nigetha andu mahote kuruta wira oo magithiaga na mbere na kurimirira mawatho ma Ruhonge rwa ugima wa mwiri.

TIST Leadership Councils kuuma East Africa na Timu ya America ya TIST nimakoretwo makiariria oria utari wa miti ungicokereria na njira njega ina ugitiri.

Kuuri mweri 14th July 2020, nitwari na themina ya nendaini (Zoom Seminar) iria yari na Cluster Servants kuuma Kenya na Uganda. Nitwaririirie na njira ndikiru uria tungihoota gutungatira arimi.

Hindi ya themina iyo, Cluster Servants aingi nimoire niwega tucokererie gutara miti angikirwo nimakuhota kurumirira mawatho maria mikiritwo ni ruhonge rwa ugima wa mwiri rwa buriri wa Kenya na rwa thi yothe (WHO) o hamwe na thirikari.

Nigetha tucokeririe gutara miti, nikwagiriire oo mundu egitire makiria. King'uki giki kia Covid-19 nikiratherema na ihanya na gikanyita andu aingi gwa kahinda kanini.

Onakuri uguo, tungirumirira mitaratara ya thirikari, no tuhote kwa njira nene kwigitira na kugitira andu airia tendete o hamwe na aria tuikaranagia nao.

Mitaratara ino ni ya gucokereria gutara kwa miti. Cluster meetings iguikara iri henge.
KWIGITIRA KWA MUNDU KIUMBE ARI MURIMI KANA MUTARI WA MITI

- **Wikire Karembeko (face mask).**
Ririkana uyu ni watho wa thirikari o hamwe na wakwigitira. Ni mukana na watho gukorwo muingi-ini utari na karembeko ga uthiu (face mask). Koguo nitwagiriirwo nigukorwo na turembeko hingo ciothe.
Uri mutari wa miti kana uri murimi, ni wega ugathambagia karembeko gaaku wega. Angikorwo wakagura dukaini kana kuri hawkers, niwega ugathambie na Dettol mbere ya gugatumira.

- **Guikara turaihaniriirie.**
Uyu ni watho wa thirikari hari kugiria andu mokorwo mw hamwe ndundu-ini.
Ta mirimi wa TIST kana mutari wa miti, iwagiirwo na gwithema na handu hena ndundu ya andu kana ona mucemano oo wothe.
Oringi, ririkana twahingira gutara kwa miti tu.
Gutiri micemano ya Clusters.
Riria wacemano na mutari wa miti kana ona murimi kana oomundu owega, ririkana guikara muraihaniriirie kwa meter 1,5 nginya 2.
- **Withambe mooko.**
Niwagiriirwo ni gwithamba moko na thabuni na maai maraitika maita maingi hari muthenya ouria kungihoteka. Kuaga maai matheru na cupa na gathabuni. Ungihoota no ugure sanitizer iria njitikirie ni thirikari.
Ririkana gwithamba moko mbere na thutha wa thabari yaku. Ona riria wahutia nyumba ciene kana ohandu hoothe.
Mutari wa miti niagiriirwo ni gusanitaze indo ciake cia wira (na amenyere ndagacithukie).
- **Kwaga kugeithania na moko.**
Niukurio na kinyi ngeithi cia mooko kana kuhutania mwiri utigane na cio.
- **Geria ouria unghota guthii na maguru, kana utumire muithikiri kana boda wa muthii umwe.**
Thirikari niikirite watho wa ukui. Matatu ciagiriirwo ni gukua andu gichunji kia 60% kia andu aria yagiriirwo ni gukua. Boda boda ciitikiritio gukua muthii oo umwe. Ino iri njira ya kugitirwa andu matigakuhaniriirie.
Ithui turi TIST, twirite Cluster Servants mahuthire miithikiri kana mathii maguru.
Mweri wa July na August tutikariha gharama ya thabari
Hindi ino ya Covid-19, twirite Cluster Servants mauritire wira Cluster imwe kwa imwe. .
- **Kurumirira mathaa ma curfew.**
Thirikari ni ikirite curfew kuuma thaa ithatu cia utuku nginya thaa ikumi cia ruciini.
Niwagiriirwo ni kuhingia watho uyu.

Ungikaiugua Thirikari niyekira mukana kwaga guthii kundu gutigaine, kana kuingira nyumba cia baishara kana cia muingi itiganite, niwagiriirwo ni gwathikira mukana ucio.

- **Ungikorwo utakuigwa wega...**

Ungiigua mwiri thina, niundu wa gitumi oo giothe, niuritio utige guthii na mbere na gutara miti. Ungikorwo na dalili cia homa ta gwathimura, urugari mwiri, kuremwo ni kuhuhia, niwagiriirwo wambe wiige keherine na family yaku na uthii thibitari.

Dalili ici ti kuuga wina murimu wa Covid-19, no niwega wamukire urigitani na ndugethondekere mucii na dawa itari njitikirie.

MAUNDU MANGI MAMBATA A UTARI.

- **Ndugatheremie ndeto itari nginyaniru (fake news).**

Uri murimi wa TIST na barozi wake, ndwagiriirwo ni gutheremia ndeto itari nginyaniru kuhitukira nendaini (SMS, Facebook, WhatsApp) kana ona guciaria. Wagiriirwo ni guthikiriria matangatho maria thirikari iriheana nigetha ugie na umenyo na ndeto nginyaniru.

- **Utige gutara miti nagikorwo kwina murimu wa Covid-19 itura riria uratarira.**

Nitukuria Cluster Servants mangikaigua itura riria marataririra miti niriatangathwo ati murimu wa Covid -19 niukinyite, magiriirwo ni gutiga gutara miti itura-ini riu na mamenyithie atongori a Leadership Council.

Ihinda-ini riri, Cluster Servants aritungatagira Cluster imwe nginya akamirikia 100% ati ikundi ciothe niciakinyira ikiro cia kurihwo mbeca cia miti na gukorwo ikiingira wonjorithia-ini wa carbon.

TIST Kwihariria kuriha ikundi faida ya Carbon.

Oringi, program ya TIST nirehariria kuriha faida ya carbon kuri ikundi. Mworoto witu nikuona ikundi nyingi niciarihwo. Tubangite ati Cluster Servants macokereria wira wa gutara miiti, maritaragira Cluster imwe magatiga ikundi ciothe cia Cluster iyo niciataririrwo miti yao. Grove ciothe cia Cluster iyo niciekirwo maundu macio moothe megie kuhotithia ikorwo ikiingira wonjorithia wa carbon. O gikundi giothe gikorwo GhG yakio iria signed na igekirwo rurendaini rwa TIST.

Oo tugithiaga na mbere na mehaririria maya, niturenda gugucokeria ciuria iria ikorwo ikiurio muno nigethe uthi na mbere na kugia na umenyo.

Ciuria iria ciuragio muno (Frequently Asked Question)

1. Riria arimi amwe matema miti yao, undu ukoragwo na ugwati uriki kuri arimi acio angi ari mamenyereire miti yao?

Riria murimi umwe kana onaingi, meciria gutema miti ya TIST (magakiria uri GhG yugite), nimekiriga arimi aria angi ugwatini o hamwe nan a mradi wa TIST. Ikumbi riria carbon ikoragwo nirikunderega na koguo carbon iria tungiinderie kumu miti iyo yatemwo ikanyiha

na koguo faidi igacooka thi kuri arimi oothe. Na tondu arimi acio matemete miti nimarihitwo warubanji, iyo igakorwo iri hathara tondu gitiri carbon yendio kumanaga na miti iria matemire. Makiria ya uguo, andu aria maguraga carbon ni mendaga kuigua na kuona miti no irakura. Arimi acio matemaga miti nimathukagiria TIST ritwa na mbica yake kuri thoko ya carbon.

2. Aria matema miti na macooka kuhanda nimariamukagira faida?

Ili, no undu wa mbere nigucokia caron iria yorire mbere ya miti gutemwo. Undu uria uri wa bata ni kumenyerea iti gwa kahinda ka miaka 30 nigetha mundu wothe ateithike.

3. Niiri arimi aria mena tumiti tunini mambagiiria kurihwo faida?

Ari aria mena tumiti tunini manjagia kurihwo faida riria miti yao yaneneha, yatarwo na carbon yendio thoko-ini. Faida yonekaga thutha wa kuruta mahuthiro ma utungata hamwe na warubanji. Ouri miti iri minene noguo iri na carbon nyingi.

- 4. Angikorwo murimi ni arihitwo faida ya carbon mwaka muthiru, mwaka uyu ni akurihwo?**
Faida iririhagwo oo mwaka thutha wa kwonjorithia carbon.
- 5. Angikorwo miti ya murimi ni yathukio ni mwaki/ mirimu/ muniko wa tiiri, arimi acio angi nimekurihwo? Li mangihanda miti ingi?**
Nima, wonjorithi wa carbon ni ukuhotoma tondu niukunyiha niundu wa miti iyo yathuka. Wegu nikuhand miti mieru miingi nigetha icokie carbon iyo yurite.
- 6. Faida nikii? Itaragwo atia?**
Uungi Wa carbon iria yendio urute gharama ya mradi ukuona faida
Hari faida iyo, gicunji kia 70% gigathii kuri arimi, Gichunji gia 30% gigathi kuri Clean Air Action Corporation nigetha ihote guthie na mbere na gutheremia TIST icigo njeru
- 7. Murimi agiciirwo ni gwika atia nigetha agairwo faida**
Riria murimi ahanda miti, amitungata na yatarwo na mathabu ma carbon iria yoneka yatwaro thoko, murimi ucio niaririhagwo faida ya carbon. Murimi athii na mbere na gutungata miti yake, agathii na mbere na kurihwo faida oo mwaka.
- 8. Gikundi kingihoota gutara faida yao atia?**
Niwega guthoma na kinyi voucher yangu riria yooka. Muri gikundi mukamiariria na mukamenya gikundi kianyu kina tani cigana cia carbon, tani imwe irihitwo atia, na mbecha cia warubanji iria mwamukirite. Oo Gikundi kina wiyathe wakubangira mbecha na kumenya uria oo mumemba akunyita kiria kiri giake.
- 9. Kugaya faida niikii kuri kwa bata hari TIST?**
Faida iria twonaga kumanaga na wonjoria wa carbon kuuma miti-ini itu ni mbecha ihotithagia arimi kuriha mabataro mao ta mbec cia cukuru, kugura irio, kwihumba na mangi maingi. Kuri Clean Air Action Corporation mbecha icio niitethagia gutheremia TIST.
- 10. Murimi atema miti yake niaririhagwo?**
Aca! Faida yonekaga twendia carbon kuuma mitini-ini iria irakura. Gutema miti kihorera ni ugwati hari wonjorithia wa carbon.
- 11. Arimi ni mekurihwo kahinda-ini gaka ka Covid-19?**
iii. twina mehariria makuriha
- 12. Nuu uthiga na gicunji kia 30% kia faida?**
CAAC, niyo ithiga na gichunji kia 30% ya faida, nigetha ihote guthii na mbere na gutungata TIST na kumitheremia.
- 13. Ikundi irihagwo maiganana ma faida**
Aca. Faida ya gikundi iringanaga na tani iria mwinacio cia carbon
- 14. Faida irihagwo ri?**
Oo mwaka
- 15. Angikorwo grove imwe niyathukio ni kindu ta mwaki, icio ingi niigukorwo wonjorithia-ini ?**
Yes
- 16. Hindi iria Grove itatariirwo miti yake, nitumaga yage kurihow?**
Yes. Ikundi ciagirwo ni gutarirwo miti gwa kahinda gatakirite mieri 18 niegetha mariho faida yao. Mangikorwo matatariirwo macoke matarirwo, ni marihagwo
- 17. Arimi aria matakinyitie miti 10,00 ni maririhagwo warubanji?**
Arimi aria mena miti thii ya 1,000 magiriirwo niguthii na mbere na kuhanda miti nigrtha o nao marihagwo warubanji. GHG Contract yugite arimi magiriirwo ni gukorwo makinda miti 1,000 o mwaka gwa kahinda ka miaka itano kuuma maingira TIST.
- 18. Nutuhote kuhena tani oo hari Grove handu ya oo hari Group?**
Aca, TIST itaraga tani cia gikundi (Group).

**19. Faida ya wonjorithia wa carbon ni iguthii na mbere gwa kahinda ka miaka 30?**

iii. Angikorwo arimi nimaguthii na mbere na kuhanda miti na kumitungata na tukonjorithia na ukagia na faida

20. Muti ungigetha carbon igana atia na ni ya mbeca cigana?

Muti umwe no ugetha tani imwe ya carbon. Miti yagiririrwo ni gutungatwo kwa mika 30 nigetha igathi na mbere na kuongera tani cia carbon ouria iraneneha. Thogora wa tani imwe uringanaga na uria thoko ya carbon irauga. TIST ikoretwo ikiendia tani imwe kuuma dolla 3-10 cia America

21. Ungihota atia gucokia tani ciurite?

Tani ingiura tondu wa gutemwo kwa miti kana guthukio niundu owothe, gikundi kimicokagia na kuhanda miti ingi mieru.

Undu ungi ni gutungata miti iria iho na uria irathie na mbere na kuneneha noguo irathie na mbere na kuongerera tani cia carbon.

22. Ikundi iria itari ciarihwo ni ikurihwo na ni rii?

iii. Ona ihenya

23. Utiganu wa verifiedna sequestered carbon nikii?

Sequestered carbon ni carbon iria muti ugethete na ukaiga verified carbon ni carbon iria ikoretwo ithuthuritia ati ninginyaniru ni Verifiers.

TIST guthii na mbere na kugacaria utari wa miti na maurutani Cluster-ini.

Hindi ino ya murimu wa coronavirus (Covid-19), Timu ya TIST thii yothe ni ikoretwo na themina cia nendaini.

Seminars ici ikorwtwo ikiariria uria tungihota guthii na mbere na gutungatira arimi. Niturenda kugacaria utari wa miti na maurutani ma TIST. Nituguite uria atongoria anyu a Cluster makiuria tugacirithie utari wa miti. Arimi marena guthii na mbere na kuhanda miti na miti iyo igatarwo ihinda riria riagiriire. Na faida ya wonjorithia wa carbon nayo ikarihwo.

Trainings niitethagia arimi gukurania kimecira na maundu mari mega (Best Practices). Makona maciaro mangi kuuma migunda-ini yao, makagia na ugi muingi, na makagaciria utongori na maundu maingi

Oo tugithiaga na mbere na kwigitira kumanagia na king'uki gia Covid-19, nitukoretwo na miario uria tngicokeriria utari wa miti. Ngathiti-ini ino nitwariirie uria twagirirwio ni kwigitira

Nigetha tugacie utari wa miti, nitukwenda kuongerera Atari (Cluster Servants) Nitugukuria, o hamwe na atongoria aku a Cluster, gucacia andu magiriire nigetha marutwo gukorwo mari Cluster Servants.

Andu aria turenda magiriirwo ni gukorwo na ikiro ici....

1. Mundu ucio akorwo akinyitie miaka 18 na ndagakorwo ari murutwo wa cukuru kana college.
2. Mundu ucio akorwo ari memba wa TIST, kana akorwo oii TIST wega kana mundu urenda kuingira TIST. No uria uri memba wa TIST ina kanya kanene.
3. Mundu akorwo ena uhoti wa kuhuthira thimu cia kiriu (smartphone). TIST riu irahuthira thimu cia smartphone hari wira wayo ta gutara miti, ukinyaniria, utungata wa Cluster na mawira maingi.
4. Mundu ucio akororwo ehariirie kurumirira TIST Values.
"We Are Honest" - Turi ehokeku.
"We Are Transparent" – Turi Andu wa utheri.
"We Are Accurate" – Turi Andu a gwika uria kuri.
"We Are Mutually Accountable" – Turi andu mena uigiririki.

“We Are Servants to Each Other” - Nitutungatanga.

“We Are Volunteers”- Turi erutiri.

“We Create Big Results With Low Budgets” – Tuthondekaga maciaro manene na kuhithira gharama nini.

5. Mundu ucio akorwo ari muikari wa Cluster kana GOCC iria arirutagira wira.
6. Mundu ucio akorwo ehariirie kurutira TIST na arimi gwa kahinda karaya (Miaka karundo).

7. Mundu akorwo ehariirie guthoma na kumenya uria agutungatira arimi na njira njega.

8. Mundu ucio aheo marua ma mendekithia wa wira kuuma kuri Chief kana sub-chief kana Church minister kana elder.

Thutha wa guthuthurio, mundu uria ukahituka ni agathomithio wira wa Cluster Servant. Ahituka training, ni akaheo wira.

TIST kuhimbiria njira njeru cia ukinyaniria.

Mahinda-ini oo maya ma Coronavirus (Covid-19), TIST ni iigite na njira njeru cia ukinyaniria. Oo ta uria Arimu mathondeka njira njega (Best Practices) cia kumagiciria migunda-ini yao, Atongoria a TIST nimonete njira njeru cia ukinyaniria ta ici;

- Commcare
- TIST Learning Center
- Phone Tree Messaging
- Answer Desk
- Zoom Video Conference
- Whatsapp

Commcare.

Ino ni njira imwe ya gutumira nenda. Turamihuthira gwika surveys, igeranio, kungania mariboti na maundu maingi.

Commcareni iteithie mradi wa TIST kungania mauhoru ma bata. Cluster Servants othe ni mathomithio gutumira commcare.

TIST Learning Center.

TIST Learning Center ni mubango mweru uthunduritwo ni experts a TIST. Onaguo wi nendaini. Urateithia hari kuheana Trainings cia TIST kuri aimi o hamwe na Cluster Servants. Ni muhuthu muno gutumiri unguikorwo na thimu ya smartphone.

Phone Tree Messaging.

Ino ni njira ya gutuma message thimuini. Cluster servant aukira message kuuma kuri LC, nake agatumira members aa clusters ciake.

Nituroria amemba a Small Groups maheane namba cia cia thimu nigetha onao mateithike na ukinyaniria uyu.

TIST Answer Desk.

Ino ni njira ingi njeru irihotithagia arimi kuria ciuria na njira ya kuhura thimu na makagia na macokio ooh au.

Mubanja uyu wagacirira nituguthii na mbere na kumumenyithia.

Zoom Video Conference.

TIST Leadership thinie wa East Africa, India na United States of America makoretwo magika micemanio (maita miere hari wiki) magitumira nendaya Zoom. Otauria tukuritie hau kabere ona seminar ya Cluster Servants kuuma Uganda na Kenya nitikiire o nendaini ino ya Zoom.

Whatsapp.

Whatsapp Groups ni ituteithitie hari ukinyaniria, kwaniria na gucenjaniameciaria na guteithania riria turaruta wira wa TIST

REGIONAL OFFICE FOR Africa

TIST inafungua tena makadirio Tunapoendelea Kuchukua Hatua za Usalama Dhidi ya Covid -19.

Serikali ya Kenya hivi karibuni iliboresha baadhi ya vizuizi kuhusu ugonjwa wa Covid-19. Vizuizi hivyo vimetengwa ili kuruhusu watu kufanya kazi na kujihusisha na shughuli za kijamii na kiuchumi wakati wanaendelea kufuata viongozo na Wizara ya Afya.

Baraza la Uongozi la TIST Mashariki na Timu ya Amerika zimekuwa zikijadili kwa umakini jinsi tunaweza kurudi salama kwenye uwanja wa Quantification.

Mnamo tarehe 14 Julai 2020, tulifanya semina ya video ya mkondoni (Seminar ya Zoom) na Watumiaji wa Kikundi cha kuchagua kutoka Kenya na Uganda. Tulijadili kwa kina chaguzi anuwai na maoni bora juu ya jinsi tunaweza kuendelea kuwahudumia wakulima wetu.

Wakati wa mkutano huu wa mikutano ya video, Watumishi wengi wa TIST Cluster wanaamini kuwa bado tunaweza kufanya Quantification za uwanja ikiwa tutafuata kabisa taratibu za usalama uliyopewa na Wizara ya Afya, Serikali na Shirika la Afya Duniani (WHO) kuhusu janga la Covid-19.

Ili sisi kuanza tena ufafanuzi, maanani ya kwanza ni kila mmoja wetu kuchukua kiwango cha ufahamu na usalama. Covid-19 imeonekana kuenea haraka na kwa muda mrefu ndani ya muda mfupi. Walakini, ikiwa tunafuata maagizo ya Serikali, tunaweza kujilinda sana, wapendwa wetu na jamii ambazo tunashirikiana nao.

Miongozo hii inamaanisha tu kufungua upya Thamani. MAHUSIANO YA MAHUSIANO HALISI. MAHUSIANO YA USALAMA WA BINADAMU KWA WAFANYAKAZI NA WAKATI WA DALILI.

- **Vaa uso wa uso.**
Kumbuka hii ni hitaji la kisheria na usalama. Ni haramu kuwa katika maeneo ya umma bila kofia ya uso. Tunapaswa kila wakati kuvaa mask ya uso.
Kwa Mtumishi wa Kikundi na Wakulima wa TIST ni muhimu kuweka kwenye mask safi na ya disinfis. Ikiwa utanunua kitambaa cha kitambaa, tafadhali hakikisha unaosha kwa sabuni na dawa kadhaa kama vile Dettol kabla ya kuitumia.

- **Weka Umbali wa kijamii.**
Hii ni kanuni ya Serikali ambayo inakataza mikutano ya hadhara.
Kama Mkulima wa TIST au Mtumishi wa nguzo, hakikisha unaepuka maeneo yaliyojaa umma au mahali panapokuwa na aina fulani ya mkutano wa kijamii.
Tafadhali kumbuka, tunafungua tena Quantification za shamba na sio mikutano ya nguzo.
Unapokutana na Quantifier / Mkulima, au mtu mwingine yeyote huko nje, tafadhali weka umbali wa mwili wa 1.5 - 2 m.
- **Nawa mikono yako.**
Hakikisha unaosha mikono yako na maji na sabuni mara nyingi iwezekanavyo kwa siku. Jibebe na chupa ya maji safi na sabuni. Ikiwa unaweza, kununua Sanitizer iliyopendekezwa. Kumbuka kuosha mikono yako kabla ya kusafiri na baada. Na pia ikiwa nyuso za mguso katika jengo la umma au nyumba za watu Ni muhimu kwa Watumiaji wa nguzo kutoshea vifaa vyako vya kufanya kazi kila wakati na wakati huo. (Tafadhali kuwa mwangalifu usiwaangushe)
- **Epuka kusalimiana na mikono.**
Inashauriwa sana kwamba uepoke kushikana mikono.
- **Jaribu kadiri uwezavyo kutembea, tumia baiskeli, au tumia bodaboda moja.**
Serikali imeweka miongozo juu ya usafirishaji wa umma. Matatus inahitajika kubeba sio zaidi ya 60% ya uwezo wao wa kubeba. Bodabodas inapaswa kubeba abiria mmoja tu. Hii inamaanisha kupunguza mawasiliano ya kijamii. Katika TIST, tunahitaji kwamba Watumiaji wa nguzo watembe au watumie baiskeli. Wakati wa Julai na Agosti, hatutarudisha kwa aina yoyote ya usafirishaji ulioliipwa.
- **Katika kipindi hiki, tunapofungua tena, tumewauliza Watumishi wa nguzo kufanya kazi katika nguzo moja kwa wakati mmoja.**
- **Tunza masaa ya saa ya kurudi nyumbani.**
Serikali imetoa alfajiri ya kuanza alfajiri masaa ya saa 9:00 hadi 4 asubuhi. Tafadhali kumbuka madhubuti kwa mahitaji haya.

Ikiwa Serikali itatangaza eneo fulani au jengo la eneo la kukomesha (Hakuna eneo la Go), tafadhaliambatana na hilo. Usitembee / usonge mbele na nje ya eneo hilo / jengo hilo.

- **Ukiwa mgonjwa...**

Ikiwa unahisi ugonjwa, kwa sababu yoyote, tafadhali acha kufanya makadirio na kwenda shambani (kwa mtumwa wa nguzo). Ikiwa una mafua kama dalili kama kikohozi kavu, homa, kupumua ngumu, nk tafadhali, kwanza jitenga na washiriki wa familia na wengine wakati unatafuta huduma ya matibabu.

Dalili hizi SI maana ya kuwa unayo Covid-19. Lakini ni muhimu kumwita mtaalamu wa matibabu. Usijitibu mwenyewe nyumbani au utumie dawa kadhaa za mimea zisizothibitishwa.

TANGAZO LINGINE NA KUMBUKUMBU.

- **Epuka kueneza habari bandia.**

Kama Mkulima wa TIST na mwakilishi kwenye uwanja, tafadhali USIPASSE habari zisizo na uthibitisho au bandia ama kwa neno la kinywa au kushiriki kupitia SMS au WhatsApp au Facebook. Ni muhimu kujiweka sawa na habari ya Serikali ili habari yoyote unayoshiriki iwe sahihi na sahihi.

- **Komesha makadirio eneo ambapo limeripoti kesi.**

Tunawahimiza Watumishi wa nguzo kuacha kufanya makutano na kumweleza mwanachama yeyote wa LC wakati kesi ya Covid-19 itakaporipotiwa katika eneo lolote unalofanya.

Wakati huu, usawa wetu utakuwa tofauti. Mtumishi wa nguzo atafanya kazi katika nguzo moja kwa wakati mmoja. Hii inamaanisha kuwa nguzo itakuwa na 100% ya Vikundi vinavyostahili malipo na kushiriki katika biashara ya kaboni.

TIST Hujiandaa kulipa Shiriki ndogo za Faida za Vikundi.

Kwa mara nyingine tena, Programu ya TIST inaandaa malipo mengine ya kugawana faida kwa vikundi vidogo. Lengo letu ni kuwezesha Vikundi Vingi kadri iwezekanavyo kulipwa. Mpango huo unajumuisha kuorodhesha kila kikundi kidogo katika nguzo. Tunapofungua tena Utaratibu, watumishi wa nguzo wanahitajika kutumikia nguzo moja kwa wakati mmoja. Hii nguzo moja lazima iwe na ukamilifu wa 100%. Hiyo ni, Vikundi Vyote Vigumu lazima vilikuwa vimeshakamilika katika miezi 9 iliyopita. Nguvu zote kwenye nguzo zinapaswa kuwa zimesimamishwa vizuri ili kufuzu kwa biashara ya kaboni. Kila kikundi kidogo kinapaswa kuwa na Mkataba wa Gesi ya Greenhouse iliyosainiwa na kupakiwa.

Tunapojiandaa kufanya malipo ya kikundi kidogo, tumetengeneza Maswali yanayoulizwa mara kwa mara (FAQ) ili kukusaidia kuelewa maswala ya malipo ya kikundi kidogo na kusindika vyema.

Vikundi Vidogo Vinaloulizwa Swali.

I. **Swali: Je! Wakulima wanaovuna miti yao huwaathiri vipi wakulima wanaowatunza?**

Mkulima ambaye hukata miti huumiza wakulima wengine na mpango wa TIST kwa ujumla, kwani hii inapunguza tani za kaboni kwenye hesabu, kwa hivyo mauzo kidogo, na ukizingatia kikundi kidogo kilikuwa

kimepokea malipo ya mapema, hii inamaanisha kuwa wakulima wengine watapata pesa inayopunguzwa kwa kushiriki faida. Uaminifu wa mpango unapotea kwani tani za kaboni zilizonunuliwa na wateja hazitakuonyeshwa tena, hii inadhuru picha ya mpango wa TIST zaidi.

2. **Swali: Je! Wale wanaovuna na kuingiza watapata kushiriki katika faida?**

Ndio, ni muhimu kuchukua nafasi ya tani za kaboni zilizopotea na kupata zaidi kutoka kwa eneo hilo la shamba. Walakini, zoezi hili bora ni kuweka shamba kuwa hai kwa miaka 30 kamili, kuongeza faida kwa kila mtu.

3. **Swali: Je! Ni wakati gani wakulima walio na miti ndogo huanza kushiriki katika faida?**

Wakulima walio na miti ndogo huanza kugawana faida mara tu wakati miti yao ni kubwa, imekamilika, faida zinazwa kwa pesa kidogo ya kaboni na gharama ya huduma ya kikundi kidogo. Wakulima wanashiriki faida kulingana na kaboni ni kiasi gani kwenye miti yao.

- 4. Swali: Ikiwa wakulima walipata hisa ya faida mwaka jana, wanapata hisa ya faida mwaka huu?**
Faida hizo zinashirikiwa kila mwaka. Kila mwaka, sehemu ya faida inatoka kwa faida ya mwaka huo.
- 5. Swali: Ikiwa miti ya mkulima imeharibiwa na maporomoko ya ardhi / moto / ugonjwa, je! Mazao mengine ya shamba yanaathiriwa kwa malipo ya kaboni? Je! Ikiwa watachukua nafasi?**
Ndio malipo ya kaboni yameathiriwa, kwani yatafunguza idadi ya miti na kwa kiasi kikubwa tani za kaboni, kuchukua miti zaidi ni mazoezi bora ya kurudisha idadi ya miti na kwa kiasi kikubwa tani za kaboni.
- 6. Swali: Kushiriki faida ni nini? Imehesabiwaje?**
Uuzaji wa tani za kaboni - gharama ya mpango = faida, kwa hivyo 70% ya faida hupata wakulima na 30% ya faida wanapata fedha za Shirika la kusafisha hewa la TIST, upanuzi kwa maeneo mapya, na nani anaye kusaidia katika "Ufungaji" wa kaboni .
- Better alisema: Mapato - gharama = faida
- 7. Swali: Je! Wakulima wanastahili vipi kwa mgawo wa faida?**
Wakulima hupanda miti na kuifanya iwe na sifa ya kupata hisa ya faida. Mara tu tunapopata faida, wakulima wanapata 70% ya faida na CAAC hupata 30% ya faida. Wakulima wanaendelea kufuzu kila mwaka ikiwa watahifadhi miti yao hai kwa miaka 30.
- 8. Swali: Je! Kikundi kidogo kinawezaje kuhesabu sehemu yao ni nini?**
Tafadhali soma vocha yako ili upate habari juu ya tani ngapi, kiasi cha tani moja, na jumla ya matayarisho yote yaliyotolewa kwa Kikundi chako Kidogo. Kama kikundi kidogo, wanajadili kati yao jinsi ya kushiriki faida yao, kwa hiari hiyo inawasaidia wakulima kufanya uamuzi wao kwa roho ya shirika ndogo.
- 9. Swali: Kwa nini sehemu ya faida ni muhimu kwa TIST?**
Faida ni pesa inayotengenezwa na wakulima, hii inasaidia katika kulipa bili nyingi kama ada ya shule, chakula, mavazi n.k hivyo ni muhimu sana kwa wakulima. Sehemu ya faida ni muhimu kwa Shirika la Anga Safi Hewa kwa sababu inasaidia programu kupanua kwa wakulima zaidi.
- 10. Swali: Ikiwa mkulima akivuna, bado wanaweza kupokea Ugawanaji wa Faida? Ikiwa sivyo, kwa nini?**
Hapana, kwani faida hufanywa na uuzaji wa tani za kaboni, kwa hivyo miti ya kuvuna hakuna kuuza kwenye tani za kaboni, kwa hivyo hakuna faida. Uvunaji huwaumiza wakulima ambao wanabaki katika mpango.
- 11. Swali: Je! Wakulima watapokea mapema kabla ya kufungwa?**
Ndio. Tutaanza kulipa wakulima haraka iwezekanavyo.
- 12. Swali: Ni nani anayepata asilimia 30% ya faida?**
CAAC, hii inavutia watu kuwekeza katika TIST, husaidia kulipia gharama katika kukuza TIST, husaidia kulipia gharama ya ufungaji wa kaboni, upanuzi, gharama za ofisi, mishahara na malipo ya wafanyikazi, na gharama zingine nyingi.
- 13. Swali: Je! Kila SG inapokea kiasi sawa cha kushiriki faida?**
Hapana. Kiasi cha hisa ya faida inategemea jinsi kiwango cha tani za kaboni zilizopangwa kutoka kwa miti ya Kikundi Kidogo.
- 14. Swali: Je! Hisa ya faida hufanyika mara ngapi?**
Sehemu ya faida itapokelewa kila mwaka
- 15. Swali: Ikiwa sehemu ya shamba iliyoharibiwa inaondolewa kwa sababu za asili, je! Wengine wanastahili?**
Ndio
- 16. Swali: Wakati gongo ipo lakini haijasasishwa inaweza kuathiri kushiriki faida? Inaposasishwa ni tani zilizopotea wakati huu?**
Ndio. SG ambazo hazijasasishwa katika miezi 18 iliyopita hazitapokea sehemu ya faida. Wakati shamba inakamilika tani zote zilizokopwa zimekamatwa na zinastahili kulipwa.
- 17. Swali: Kwa wakulima walio na miti isiyopungua 1,000 hutuuliza kwanini hawajalipwa. Je! Tunaweza kuwaambia nini?**
Wakulima walio na miti isiyopungua 1,000 wanahitaji kupanda miti zaidi ili waweze kuhitimu malipo ya kwanza. Mkataba wa GHG unasema kwamba wakulima watapanda miti 1000 katika mwaka wa kwanza wa kujiunga na TIST na miti 5000 katika miaka 5 ya kwanza.

- 18. Swali: Je! Tunaweza kupeana habari ya kung'aa kwa kuinua badala ya kikundi? HAPANA.** TIST inafanya kazi na Vikundi Vidogo na sio watu binafsi kwa kutumia visima.
- 19. Swali: Je! Kushiriki kaboni / faida itaendelea kwa miaka 30?**
Ndio. Kadiri miti inavyowekwa hai na TIST ina faida ya kushiriki.
- 20. Swali: Je! Kabichi ya mti inaweza kuzunguka kiasi gani? Je! Hii ni thamani gani?**
Mti unaweza kuzunguka zaidi ya tani 1 ya kaboni. Miti inapaswa kuwekwa hai kwa miaka 30 ili kuongeza kaboni hii. Bei za kaboni hutegemea masoko ya kaboni ya ulimwengu. TIST imeza tani kutoka kati ya \$ 3-10 US, kabla ya gharama.
- 21. Swali: Jinsi ya kupata tani zilizopotea hufanya kazi?**
Tani zilizopotea zitatengenezwa na kikundi kidogo kwa kupanda miti mingi zaidi. Wengine hufanya tani kwa kudumisha miti iliyopo na kuruhusu ukuaji wao uzidi tani zilizopotea. Kwa wengine hii itatokea kwa kawaida kwa sababu Tani zilizopotea ni sehemu ndogo na miti yao ina afya
- 22. Swali: Je! Vikundi visivyolipwa na akiba atalipwa? Lini?**
Ndio. Haraka iwezekanavyo
- 23. Swali: Je! Unaweza kuelezea kuthibitishwa dhidi ya kaboni iliyopangwa?**
Carbon iliyokatwa ni kaboni ambayo mti unayo au unashikilia shina na matawi. Wakati kaboni iliyothibitishwa imeandaliwa kaboni ambayo imedhibitishwa na viboreshaji.

Mkutano wa TIST kuelekea kwenye kujenga Utatuzi zaidi na Uwezo wa Mafunzo.

Wakati huu wa coronavirus (Covid-19), Timu ya TIST ulimwenguni kote imekuwa na semina za kawaida kupitia mkutano wa video. Semina hizi zimekuwa zikijadili jinsi tunaweza kuboresha TIST ili wakulima wetu waendeleo kupata faida zaidi.

Tunataka kuboresha ubora na mafunzo bora. Tumewasikiliza viongozi wako wengi ambao wameomba Utaratibu wa kuboreshwa katika vikundi vyao. Wakulima wanataka kulima miti zaidi na miti hiyo inakamilika kwa wakati mzuri. Na pesa za kaboni zilizolipwa!

Mafunzo husaidia wakulima kushiriki Mazoea Bora. Kuongezeka kwa shughuli zinazowapa faida zaidi kama mapato zaidi, mavuno bora katika mashamba yao, elimu zaidi, uongozi bora kati ya wengine.

Tunapoendelea kujikinga na familia zetu dhidi ya kumbukumbu ya miaka 19, tumekuwa na majadiliano juu ya jinsi Quantifiers wetu wanaweza kurudi salama kwa kazi ya Quantifying bila kujiweka katika hatari ya Covid-19.

Katika jarida hili, utaona hatua kadhaa za usalama ambazo tumeweka.

Ili kuboresha Utaratibu na Mafunzo, tunahitaji Watumiaji zaidi wa Kikundi.

Tunakuomba wewe na viongozi wengine kwenye nguzo yako usaidie kutambua wagombea wazuri kupatiwa mafunzo kama watumishi wapya wa Kikundi.

Hapa kuna vigezo kadhaa ambavyo unapaswa kuzingatia....

1. Mtu anayemchagua lazima awe mtu mzima. Hiyo ni, zaidi ya umri wa miaka 18 na sio shuleni, chuo kikuu nk.
2. Mtu ambaye umechagua anapaswa kuwa mshiriki wa TIST, au awe na maarifa fulani juu ya TIST au Mtu anayetaka kujiunga na TIST. Kuwa mwanachama hai wa TIST inapaswa kuwa faida iliyoongezwa.
3. Mtu ambaye umechagua anapaswa kutumia au kujifunza kutumia simu smart. TIST sasa inatumia simu mahsusi kwa usahihi, mawasiliano, Usimamizi wa nguzo kati ya majukumu mengine.
4. Mtu ambaye umechagua anapaswa kuwa tayari kufuata Viwango vya TIST.

“Tuna Uaminifu” “Sisi ni Wenye Uwazi”
“Sisi Ni Sahihi” “Tunajibika Kwa Kawaida”
“Sisi ni Watumwa wa kila mmoja” “Sisi ni Wajitolea”
“Tunaunda Matokeo Makubwa Na Bajeti Za chini”

5. Mtu ambaye umechagua anapaswa kuwa mkazi wa nguzo au GOCC ambayo atakuwa akihudumia
6. Mtu ambaye umechagua anapaswa kuwa tayari

kufanya kazi na TIST na Wakulima kwa muda mrefu (miaka kadhaa)

7. Mtu ambaye umechagua anapaswa kuwa tayari kujifunza na kuwatumikia wakulima kwa bidii
8. Mtu unayemchagua anapaswa kuwa na barua ya maoni kutoka kwa Mkuu wa mkoa au mkuu wa mkoa au mhadumu wa Kanisa au mzee.

Wagombeaji sahihi watapatiwa mafunzo kuwa Watumishi wa Kikundi. Ikiwa wamefanikiwa, watapewa majukumu na majukumu mapya ya kukusaidia kukuhudumia bora.

TIST Inashikilia Zana Mpya za Mawasiliano.

Katika kipindi hiki cha janga la Coronavirus (Covid-19), sisi katika TIST, tuligundua kuwa tunahitaji kutafuta njia mpya na zana za kuwahudumia wakulima wetu. Kama wakulima wengi wa TIST ambao waligundua na kujaribu Mbinu mpya katika shamba zao, ambazo zingine zilishirikiwa kwetu kupitia picha na video, Uongozi wa TIST pia ilichukua hatua kubwa kujaribu, kukuza zana mpya za kusaidia katika mawasiliano. Zana za zana hizi ni pamoja na;

- Huduma
- Kituo cha Kujifunza cha TIST
- Ujumbe wa Mti wa Simu
- Dawati la Jibu
- Mkutano wa Video
- Whatsapp

Utunzaji.

Hii ni jukwaa la mkondoni ambalo limewezesha TIST kubeba uchunguzi, vipimo vya uchunguzi, na kufanya ripoti kati ya wengine.

Huduma imekuwa ya faida sana kwa mpango wa TIST katika kupata habari muhimu. Watumiaji wetu wote wa Cluster wamefunzwa kwa mafanikio juu ya utumiaji wa huduma za jamii.

Kituo cha Kujifunza cha TIST.

Kituo cha Kujifunza cha TIST ni mpango mkamilifu wa mkondoni uliyotengenezwa na Wataalam wa TIST kutoa Mafunzo kwa Watumiaji wa TIST na Wakulima. Ni mpango wa kufurahisha ambao hutoa jaribio moja la kusoma. Inasaidia kukuza ujuzi na maarifa juu ya TIST kwa njia rahisi, na ya kirafiki. Kituo cha Kujifunza cha TIST kinapatikana katika duka la Google Play. Nenda kwa TIST program.com

Ujumbe wa Mti wa Simu.

Hii ni zana ya ubunifu ya kusambaza ujumbe wa maandishi kwa Wakulima wa TIST. Watumiaji wa nguzo wanapokea ujumbe kutoka kwa Uongozi wa TIST na kuelekea mbele kwa washiriki wa TIST katika kiwango cha Kikundi Kidogo. Hii inasaidia katika kueneza Habari za TIST, habari kwa washiriki wa Kikundi Kidogo katika kufikia haraka na kwa upana.

Tunatoa wito kwa washiriki wa Vikundi Vidogo kutoa maelezo ya simu zao za rununu kwa Watumiaji wa nguzo ili nao waweze kujumuishwa katika programu hii.

Dawati la Jibu la TIST.

Dawati hili la Jibu litawawezesha Washiriki wa TIST kuuliza maswali, kupiga simu kwa kituo cha simu na kupata majibu mara moja.

Tutakupa maelezo zaidi tunapoendelea na juhudi hii.

Zoom Mkutano wa Video.

Uongozi wa TIST katika Afrika Mashariki, India na Merika ya Amerika zimekuwa zikifanya mikutano ya kawaida (mikutano 2 kwa wiki) juu ya jukwaa la Conomatiki ya Video. Tumeweza kufanya semina. Zaidi ya hayo, kama ilivyotajwa mahali pengine katika jarida hili, tumefanikiwa kufanya Semina ya pamoja ya Watumiaji wa Kambi kwa wote Uganda na Kenya.

Whatsapp.

Vikundi vya whatsapp vimekuwa muhimu sana katika mawasiliano, kujadili na kubadilishana mawazo, na kusaidiana katika kufanya majukumu muhimu.

Mazingira Bora

TIST

The International Small Group & Tree Planting Program
www.tist.org

Kikamba Version

TIST is an innovative, time - tested, afforestation program led by the participants.

Aimi ma TIST kwiymbania kuvanda miembe. TIST kuthuthia aimi mavande miti ya matunda.

Inside:

TIST Kuingua wia wa uvitukithya na kwosa matambya ma kwisuvia ivindani yii kwina korona (Covid - 19) *Page 2*

TIST kwiymbania kuivatukundi tunini na kuaana vaita. *Page 3*

Ngwatanio ya TIST kuendee kwaka yelekeke kuthiana kuvitukithya na kumanyisya.

TIST kwitikilana na nzia nzau sya mikumukanilye/uneenania. *Page 6*

COVID-19 PREVENTION

Wash your hands with soap and water or use an alcohol-based hand rub before wearing a mask

Cover your mouth and nose with the mask and make sure there are no gaps between your face and the mask

Avoid touching the mask while using it

Replace the mask as soon as it is damp

Dispose of it immediately after use, and then wash your hands

How to use a mask

TIST Kuingua wia wa uvitukithya na kwosa matambya ma kwisuvia ivindani yii kwina korona (Covid - 19)

Silikali ya Kenya niolete myamulo ya ululumiiyo wa usiia uwau wa korona (covid - 19). Maululumiiyo aya nimanaolilwe na manenga andu mwanya wa kuendee na kuthukuma ungu wa mwiao wa kuatiia mawalanio ala manananganiwe ni muvea wa uima wa mwii na utheu.

Uvonge wa utongoi wa kanzu ya TIST East Africa vamwe na timu ya US nimaneenanisye vamwe undu wa kwisuvia na kusyoka kithekani na miundani kuvitukithya na kuthiana miti ila mivande.

Kwi matuku 14/7/2020 nimeekie wumbano wa video (Zoom Seminar) na atongoi anyuve ma athukumi ma ngwatanio sya Kenya na Uganda. Nimaneenanisye maundu kivathukanio undu wa kuendee kuthukuma aimi.

Ivindani ya umbano uu athukumi aingi ma ngwatanio sya TIST nimaeleisye mawoni moo na kwona nivailite uvitukithya na uthiani miundani na mitituni kuendee andu maatii mawalanio na miao ila inenganitwe ni muvea wa uima wa mwii, silikali na World Health Organization (WHO) iulu wa muimu wa korona (Covid-19).

Nikana tusyoke kuendee kuvitukithya, kyambee ni kunyaiikya uvoa wa undu wa kwisiania na muimu kana uwau uu wa korona (Covid-19) ula uunyaiika kwa ivinda ikuvi. Indi twaatiia mawalanio ma silikali nitutonya kwisuviana na muimu uyu na tuisuvia endwa maitu na ala tuuukwatangana namo.

Aya nimo mawalanio ma kuatiia kuyambiia uvitukithya. MBUMBANO SYA NGWATANIO SYA KILA MWAI TI MBITIKILYE. NIKANA TUSUVIE AMEMBA NA ATHUKUMI MA NGWATANIO.

- Ikia Matamu (Kisii kya uthyu)

Lilikana kana nimwiao na ninzia imwe ya kwisiia uwau uu. Kulea kwikia matamu (Mask) yila wi kundu kwi andu aingi nikutula miao. Nitaile ikia matamu ivinda yonthe. Kwa

muthukumi wa ngwatanio na aimi ma TIST ni undu wa vata kwikia matamu aya na nimaile uvuwa na ethiwa mundu auite matamu ma kitambaa na kwikia ndawa ta Dettol kuaa tulinyu tula tutonya ithiwa tukwatite mbee wa kutumia.

- Ikala Mutaanisye.

Uyu ni walanio wa silikali ulauleanite na mbumbano. Tawi muimi wa TIST kana muthukumi niwaile kwethukangana na kula kwi wingi na kula kwina mautanu mena wingi. Kwandaia manya, Tunavinguie kuvitukithya indi ti mbumbano sya ngwatanio. Yila wakomana na muthiani/muvitukithya kana muimi kana mundu ungi mwaile ikala mutaanisye utaanu wa mita umwe na nyusu kana ili (1.5-2m).

- Kuthamba Moko.

Ikiithya niwathamba moko na kiw'u kinyululukite na savuni mala maingi undu vatonyeka kwa muthenya.

Tembea ukuite kiw'u kitheu na savuni. Ethiwa ti uu, ua Sanitizer. Lilikana kuthamba moko mbee wa kwambiia savali na itina wa kumina kyalo kyaku. Ingi ethiwa niwakwatanga kundu kana syindu ite syaku nyamba moko.

Ni useo muthukumi wa Ngwatanio yenyu kuvanguunla miio ila ikutumika na sanitizer ivinda kuthi yingi kaingi.

(kwandaia suvia ndukanange miio ino)

- Evetangane na Ngethi sya moko.

Niuseo kulea uthengeania na kukethania na moko kuola kunyaiika kwa uwau uu.

- Imanyisye kaingi kuenda na maa vandu va kisuululu, kamota kana ngali.

Silikali niyanenganie mwolooto iulu wa ukui vala Matatu sitaile ukua iulu wa 60% ya undu ikuaa. Mota nasyo syaile ukua mundu umwe. Kii kithiitwe nikana kuola kuthengeania. Thini wa TIST, twienda athukumi ma ngwatanio mathi na maa kana matumie kisuululu. Thini wa mwai wa muonza na wanyaanya tuyiithiwa tuitunga ngalama ya ukui.

- **Ivindani yii, tuendee** na uvingua nitukulitye athukumi ma Ngwataniao mathukume Ngwataniao imwe kwa ivinda.
- **Kuikiithya masaa ala mavathe.**
Silikali niyaumisye mwamulo wa masaa kuma wioo saa 9.00 pm nginya saa 4.00 am kuikya andu kwikala nyumba na niuseo kuatiia undu vaile. Ingi silikali yasya vandu kana nyumba niyavinga ndaile ulikwa kana kumaalwa nitwaile kuatiia mwiao usu.
- **Ethwa wiiw'a nai.**
Ethiwa niwawaa onethwa nikwa kitumi kiva eka kuvitukithya na kuthi miundani (kwa athukumi ma ngwataniao).
Ethiwa wina mawonano ma ikuu ta kukoowa, muutia mwingi mwiini, kuemwa ni kuveva kwandaia evathe kuma anduni na umatha uiiti.

MAWOLOOTO ANGI NA MAWONI.

- **Eka kunyaiikya mauvoo ma uvungu.**
Ta muimi wa TIST kana umwe wa TIST kwandaia ndukatate kunyaiikya uvoo utena uw'o naw'o kwa nzia ya kuneena, kutuma SMS, WhatsApp kana Facebook. Ni undu wa vata kwikala wisi undu silikali ikwasya nikana undu utumiwa kana kukwata uvoo utena uw'o ukethia nuumanya.
- **Ekanai na wia wa uvitukuthaya Ethiwa vena uvoo wakwithiwa vena mundu wina uwau uu kisioni kiu.**
Twi thuthya athukumi ma ngwataniao sya TIST kuekana na uvitukithya na kutavya memba wa LC ethiwa kwina Covid-19 isioni ila uvitukithya uendee.

Ivindani yii uvitukithya wa ivinda yii nikivathukanio. Muthukumi wa ngwataniao ethukuma ngwatanioni imwe kwa ivinda. Kuu nikwasya ngwataniao yiithiwa na 100% kya ikundi na kuvitukithwa kwa ndivi na ala me viasalani uu wa Carbon.

TIST kwiyumbania kuivatukundi tunini na kuaana vaita.

Kwa ivinda yingi, walanio wa TIST niwiyumbanite kuiva vaita kwa tukundi tunini. Mwooloto witu ni kutetheesya tukundi tunini kuivwa. Walanio uu wina kuvitukithwa kwa kila kakundi nthini wa ngwataniao. Tuvingua kuvitukithwa, athukumi ma ngwataniao maile uthukuma ngwataniao imwe kwa ivinda yayo. Ngwataniao ino yaile ithwa yonthe 100%. Kuu nikwasya kila kakundi kaile ithiwa kekavitukithye kwa ivinda ya myai keenda mivitu. Miti yoothe ya ngwataniao ino yaile ethwa yeteele uvitukithw'a kwa viasala uyu. Kila kakundi kaile ithiwa na wiw'ano woo wa Greenhouse Gas wikiitwe sai namaka tuma vala maile. Tuendee na kwiyumbania kwa kuiva tukundi, nitusevitye mosungia ma makulyo ala makulaw'a kaingi nikana tukundi tunini tuelewe kwa mituki iulu wa ndivi.

Makulyo ala makulangaw'a kaingi tukundini

1. **Nata aimi ala matemanga miti yoo maetae wasyo kwa aimi ala aingi mekalitye miti yoo?**
Muimi ula watemanga nuumiasya aimi ala angu me kikundini kimw nake vamwe na walanio w'onthe wa TIST, nundu kii kiolaa tani sya nzee

itavisaa, utandithya munini, na ethiwa aimi ma kakundi kaa nimanakwatite ndivi aimi onthe vaita uioleka. Na walanio uyasya sula waw'o wa tani sya carbon ila iuawa na undu uu nuumiasya walanio wa TIST.

2. **Ala maketha namasyoka avata miti ingi ni maile kuaiwa vaita?**

Yii, ni undu wa vata kuvanda miti ila yakethwa nikana kutungia tani sya nzeve itavisaa na miti ila yongeleka.
Onakau wiko museo nikwikalya miti ino yivo kwa ivinda ya myaka 30 nikana kwingela vaita kwa kila umwe.

3. **Ni itina wa ivinda yiana ata yila aimi ala mena miti minini maile ikala mayambiia kuaiwa vaita?**

Aimi ala mena miti minini mambiaa kuaiwa vaita mitiyoo yaneneva kiasi kya kwambiia uvitukithw'a nundu vaita ni itina wa nzeve itavisaa kutewa vala mbesa ila manengiwe sya aluvasi syambaa utilwa na ila syathukumie/ngalama. Aimi maaiawa vaita kwianana na nzeve itavisaa ila yii mitini ila menayo.

- 4. Ethiwa aimi nimakwatie vaita wa mwaka muthelu mwaka uyu nimeukwa vaita usu ingi?**
Vaita uaanawa kila mwaka. Vaita uyu wumaa viasalanina vaita wa kila mwaka.
- 5. Ethiwa miti ya muimi yaanangwa ni mutiuuko wa muthanga, mwaki kana uwau undu uu nuetae mathina kwa aimi ala ange na kwa ndivi yoo? nao ethiwa nimavanda ingi?**
Yii undu uu nuolaa nzeve itavisaa na kwoou tani ila itesawa kuoleka, nuseo kuvanda miti ingi na kutungiia ila myanangiku.
- 6. Kuaana vaita nata? Na Kutalanawa ata?**
Aimi mavandaa miti - ngalama = Vaita, kwoou 70%ya vaita iendaa kwa muimi na 30% ya vaita ithi kwa Clean Air Action Corporation ala maungamie TIST, kunyaiikya TIST isioni ingi, kutetheesya kwova na kuta nzeve itavisaa. kuweta nesa ni kwasya: Ukwati - ngalama/ utumiku = vaita/ utandithyo.
- 7. Aimi mailaa kuaiwa vaita kwa nzia yiva?**
Aimi mavanda miti na yavitukithw'a methiaa maaila kuaiwa vaita. Yila twaseuvya vaita/ utandithyo aimi makwata 70% ya vaita na CAAC ikwata 30%. Aimi maendee kwithiwa maile ukwata vaita uyu ethiwa nimekalya miti yoo kwa ivinda ya myaka 30.
- 8. Kakundi kanini katonya kwika utalo wa undu matonya kiaana ata?**
Kwandaia soma uvoo ula wi thini wa voucher yenyu ya ndivi na umanye ni tani siana ata na nimbasa siana ata kwa kila tani na utalo wa ndivi ila mwaiviwe mbee ta kakundi. Kwa nzia isu aimi nimatonya kutalana undu vaita woo mekuaana kwa kueenania mo kwa mo na kii kutetheesya aimi kumya utwio wa kwaila kwa kakundi koo.
- 9. Niki vaita wa kuaana wavata nthini wa TIST?**
Vaita ni mbesa iseuvitw'e ni muimi, itetheesya kuiva mathie, ta kuiva viisi wa sukulu, liu, ngua na maundu angi maingi kwoou ni undu wavata kwa muimi. Kuaiwa vaita nikwavata kambini wa CAAC nundu itetheesya kuthathasya na kwiania TIST.
- 10. Ethiwa Muimi niwaketha miti yake, nutonya kuaiwa vaita? naethiwa ndatonya niki?**
Ndatonya kuaiwa vaita nundu vaita useuvaw'a kwa kuta tani sya nzeve itavisaa, kwoou ethwa nukethete vai kindu ukuta na ndena tani sya nzeve itavisaa kwoou ndena vaita vo. Kuketha miti kuumiasya aimi ala me ngwatanioni imwe nake.
- 11. Aimi nimeukwata ndivi ivindani yii ndembea iungamitw'e?**
Yii, nitukwambii kuiva aimi mituki undu vatonyeka.
- 12. Nuu ula ukwataa 30% ya vaita ula watiala?**
CAAC, nikana ikwate andu matonya ukwata TIST kwoko, kuiva ngalama ya kwiania na kuthathasya TIST, kutetheesya kwova nzeve itavisaa, ngalama ya kwikalya uvisi, kuiva athukumi na kila matumia na ngalama ingi mbingi.
- 13. Kila kakundi kaiawa vaita wianene?**
Anyee, vaita ula mwaaiwa withiawa wianene na tani sya nzeve itavisaa ila munenganite kuma mitini yenyu.
- 14. Kuaana kwa vaita kwithiawa mala meana ata?**
Kila mwaka nikwithiawa kuaana vaita.
- 15. Ethiwa mithemba imwe ya miti niyaananga ni mbua kana mawiko ma mawithyululuko ila yatiala nivitukithaw'a?**
Yii.
- 16. Ethiwa mithemba ya miti yivo na niyikalite itatalwa na kusuviwa nitonya kuete kivathukanio kuaanani vaita? Yambii kuvitukithw'a nitonya kuete wasyo?**
Yii. Kakundi kau kala kethiitwe kateumisuvia kwa ivinda ya myai 18 maitonya kuaiwa vaita. Itina wa miti ino kuvitukithw'a niivaa tani ila yinasyo na kuivika.
- 17. Kwa aimi ala mena miti itheo wa 1,000 makulasya niki mataivawa. Tutonya umea ata?**
Kwa muimi ula wina miti itheo wa 1000 niwaile

uvata miti ingi nikana withie no akwate ndivi. Wiw'ano wa kikundi waasya kila muimi niwaile uvanda miti inyiva 1000 thini wa mwaka wambee alika nthini wa TIST na aile ithiwa na miti 5000 kwa myaka itano ya mbee.

18. Nitutonya unengane uvoo kwa tani vandu va miti ila yivo kikunini?

Anyee. TIST ithukumaa na tukundi tuini na ti mundu umwe kwa miti. ila winayo.

19. Kuaana kwa vaita nikukuendee kwa myaka 30?

Yii. Ethywa miti ikekalwa iteukethwa na vaita wa kuaana wa TIST ukeethiwa vo.

20. Muti umwe utonya kuma tani siana? na nita mbesa siana?

Vaita wa muti wianenen na tani imwe ya nzeve itavisaa. Muti umwe waile ikala kwa ilungu ya myaka 30 nikana kunengane vaita wa tani imwe.

Thooa wa nzeve itavisaa uendanasya na soko undu iilye. TIST nitete tani katikati wa ndola 3-10 sya (USD) mbee wa ngalama.

21. Kutungia wasyo wa tani mbau kuthukumaa ata?

Wasyo wa tani sya nzeve itavisaa utungiiawa kwa kikundi kuvanda miti ingi. Angi matungia wasyo uyu kwa kusuvia miti ila menayo mbaka ivituke wasyo. Kwa angi miti ila yaa yithiawa yi minini kwoou masuvia ila menayo.

22. Ikundi na miti ila itemiive ikaivwa? na ni indii?

Yii nikuvwa, mituki undu vatonyekana.

23. Nutonya kuelelya vaita wa tani sya muti mbiitukithye na vaita ula utemuvitukithye?

Vaita wa tani ula utemuvitukithye ni vaita ula wi mutini muthamba na matu na vaita muvitukithye nula muthiane na ukavitukithwa.

Ngwatanio ya TIST kuendee kwaka yelekeke kuthiana kuvitukithya na kumanyisya.

Vindani yii kwiina uwau wa korona (Covid - 19) timu sya tist syithiitwe na mbumbano kaingi kwa nzia sya video . Nthini wa mbumbano ithi sya video nitetheesya kwakuneenania undu wa kwailya TIST nikana muimi aendee na kwingela ukwati na vaita.

Twienda kwailangya useo wa kuthiana kuvitukithya na kumanyiana. Nituneethukisye undu atongoi aingi mekwasya iulu wa kwailya kuvitukithya nthini wa ngwatanio syoo. Aimi nimekwenda uvanda miti kwa wingi na nikwenda uvitukithwa na kwithia na usyao museo kwa muimi, kumumanyisya nakwithiwa na utongoi museo.

Kumanyiw'a kutetheesya imi kwithiwa na ivinda ya mumanyiana mituo miseo ya uthukumi. Niyongelaa wia na utuika nakuete usyao museo miundani, vaita, kisomo kwongeleka na kwailya utongoi katikati wa maundu angi.

O tuendee na kwisuvia vamwe na misyi yitu uwau uu wa korona (Covid-19), nitwithiitwe na uneenania wa undu athiani/avitukithya matonya kusyoka wiani woo vate kwiyikia muisyo wa ukwatwa ni uwau uu wa korona (Covid-19).

Nthini wa ithangu yii (Newsletter) kwina nzia imwe ila syikiitwe sya kwisuvia.

Nikawna kwailya umanyisya na uvitukithya nitukwenda kwongela athukumi angi ma ngwatanio.

Twikulya atongoi ma ngwatanio matutetheesye kunyuva andu ala mekwona matonya wia uu nikana mamanyiw'e ta athukumi ma ngwatanio.

Vaa ve mawendekethyo ala meutumika kumanyuva na kumasomethwa.

1. Mundu ula ukusakuwa nomuvaka ethwe nimundu muima, yanni wi iulu wa myaka 18 na ute sukulu kana kimanyisyonni.
2. Mundu ula wasakua nonginya ethiwe e memba wa TIST na wina umanyi iulu wa undu TIST ithukumaa.
3. Mundu ula mwasakua nonginya ethiwe esi utumua simu sya matuku aa. TIST yitumia simu sya matuku aa kwa kuvitukithya, kwauneenanaia na kwa kuungamia ngwatanio na maundu angi maingi.
4. Ula wasakua nonginya ethiwe eyumbanitye kuatii Mawoni ma TIST ala ni.

- “ Twi aikiiku”
 “Twikaa maundu kyenini”
 “Tuatiia w’o”
 “ Maunduni onthe nitutalikaa”
 “Twi athukumi umwe kwa ula ungi”
 “ Tukitaa kwiyumya”
 “Nitusevasya usyao tutumiite ngalama nini”
5. Mundu ula wasakua nonginya ethiwe ewa kwikala ngwatanioni isu kana aithukuma nthini wa GOCC
 6. Mundu ula wasakua nonginya ethwe etikilite

kuthuma na TIST na aimi kwa ivinda iasa. (Myaka kauta)

7. Mundu ula wasakua nonginya ethwe eyumbanite na etikilite kuvundiw’a na kuthukuma aimi kwakuelewa.
8. Mundu ula wasakua nonginya ethiwe na valua kuma kwa mutumia wa ndua kana kuma kwa ikanisa, kana kuma kwa kivu.

Mundu ula ukwoswa kana kwitikilwa nukumanyiw’a undu wa kuthukuma ngwatanio. Na eethiwa niwaumila nesa nukunewa mawia ala waile uthukuma kwaiya uthukumi witu kwenyu.

TIST kwitikilana na nzia nzau sya mikumukanilye/ uneenania.

Vindani yii ya korona (Covid - 19) ithyi ma TIST nitwithiite kana nituenda umatha nzia nzau sya kuthukuma aimi. Ta aimi aingi ma TIST ala maetie mawoni meu na matata maundu maseo miundani yoo na kwa sia sya mikumukanilye ya matuku aa weethia nimeumanyithya ala angi kila maendeesye kwa nzia sya visa, video, Utongoi wa TIST moosa itambya ya kueleelya matambya ma kusevya nzia nzau kutumia simu sya ivinda yii ila syinamikumukanilye mithemba kivathukanio, na maeleelya uyu:-

- Kumanyiana uvoo kwa nzia ya simu (Commcare)
- Kusevya umanyisyo wa TIST (TIST Learning centre)
- Kutumia andu utumani iulu wa miti wa simu (Phone Tree Massaging)
- Vandu vaosa mausungio (Answer Desk)
- Kumbania kiseveni kwa nzia ya video (Zoom Video conference)
- Kuneenania kwa utumani wa Whatsapp (Whatsapp)

Commcare.

Ino ninzia imwe ya nzia nzau sya mikumukanilye ila itumia internet na TIST nikumitumia kuthuima kutatisya na kukolania mosungio katikati wa nzia ingi.

Commcare yithiitwe ya vaita kwa waliano wa TIST kukwata mavoo. Athukumi maitu oonthe ma ngwatanio namanyisye kutumia Commcare.

TIST learning centre.

Kimanyisyo kii kya TIST ninzia ya internet ilathathasye ni atuika ma TIST kumanyisya athukumi ma TIST na Aimi. Uyu niwaliano unaivo ula unenganae umanyisyo w’onthe wa tist, nitetheesya

kwongela utuika iulu wa TIST kwa nzia mituki na ya unyanya.

TIST Learning Center yivo nthini wa Google Play store na uithi kwa TIST program.com

Phone Tree Messaging.

Ino ninzia nzau ya kutuma mautumani makuvi kwa aimi ma TIST. Athukumi ma ngwatanio nimakwataa mautumani kuma utongoini wa TIST namo maitumia amemba na tukundi nginya mundu wa muthya aikwata.

Kii kitetheesya kunyaiikya uvoo wa TIST kuvikia tukundi tunini kwa mituki na kwa unene.

Nituukulya ene ma tukundi tunini kunenga athukumi ma ngwatanio namba syoo sya simu nikana onamo malikwe muvangoi uu.

TIST Answer desk.

Vandu vaosa mausungio niveutetheesya TIST kukulya makulyo, kukuna simu na kusungiwa vau kwa vau. Nitukuendee kunengane uvoo muliku undu tukuendee ngaliko ino.

Zoom Video Conference.

Utongoi wa TIST nthini wa East Africa, India na United States of America nimethiitwe na mbumbano (mbumbano 2 kila kyumwa) kwa nzia ya Video. Nitwithiitwe tutonya kumbana na tukaneenansya maundu mavata. Vangi nthini wa ithangu yii (newsletter) nitutonyete kumbana mbumbano sya athukumi ma ngwatanio kwa nzia ino athukumi ma Iganda na Kenya.

Whatsapp.

Kikundi kya Whatapp kithiitwe ki kya vata kwa uneenania na kuthuthania na kuetania mawoni na kutethania maunduni mavata.

Mazingira Bora

TIST

The International Small Group & Tree Planting Program
www.tist.org

Kipsigis Version

TIST is an innovative, time - tested, afforestation program led by the participants.

Wakulima wa TIST watayalisha mimea ya miti ya maembe. TIST inahimiza wakulima kupanda miti ya matunda.

COVID-19 PREVENTION

Wash your hands with soap and water or use an alcohol-based hand rub before wearing a mask

Cover your mouth and nose with the mask and make sure there are no gaps between your face and the mask

Avoid touching the mask while using it

Replace the mask as soon as it is damp

Dispose of it immediately after use, and then wash your hands

How to use a mask

- 16. Teebutiet: Nda mi osnet ako tomo kilelit ko tos twa pjeutikab melelweek i? yon kakilelit ko tos kibeet tanisiek en kasaraton i?**
Ee. Kurupisiek che mengechen che tomo kilelit en arawek 18 ko monyorcinge pjeutikab melelweek.Yon kakiit osnet ko nyoru tanisiek tugul en korurugutiet ako nyoru lipanenetab melelweek.
- 17. Teebutiet: teebe temik che moite ketikchuak 1000 kole amunee asi makilipan. Ne ne kemwochini icheck?**
Temik che motinye ketik cheite 1000 ko nyolu komin koit chototn asi komuch konyor lipanet

nebo taa. Koyonchinet nemi ak GHG ko mwoe kole nyolu komin teik ketik 1000 en kenyt netai yon kochut TIST ak koit 5000 en kenysiek 5 che taa.

18. Teebutiet: Kimuche kikoiten logoiwek kobun timwokik nekata kurupit i?

Achicha. TIST ko boisie ak Kurupisiek che Mengechen amo en biik en timwokik.

19. Teebutiet: Tun tesetai pjeutikab melekweekab koristo en kenysiek 30 i?

Ee. Kote keripe ketik kosobcho ak konyoru TIST melekweek che pjeito.

20. Teebutiet: Tiana koristo ne imuche ketit konyor? Tiana olietab choton?

Ketit komuche konem koristo nesire tanit agenge. Nyolu kerip ketik kenysie 30 asi konyor melekweek che chang' en koristo. Olietab koristo ko tienge siretab ng'wony. TIST ko kikwalda tanisiek kong'eteen dolaisiek 3 akoi 10 kotomo ketil che kokiboisien.

21. Teebutiet: Boisoito ano tanisiek che kokiweek?

Tanisiek che kikopetyo konyoru kutupit ne ming'in yon kamin ketik che lelach.

Alak komuche korip ketik chesobtos ak kobakach kosir tansiek che kikobetyo. En alak komuche korut icheken amun tanisiek che kikobetyo ko tutikin ako rutu ketik en oret ne mie.

22. Teebutiet: Tun imche kelipan kurupisiek che kimakilipan ak osnosiek/timwek? Au yoton.

Ee. En ko mo loo.

23. Teebutiet: Imuche iororu koristo ne kigechikil ak ne kikonu i?

Koristo ne kikonu ko koristo ne tindo ketit anan ko che tindo en temenik. Koristo ne kikechikil ko koristo ne kikegeer ak koyan chigilik.

Kurupit ne Mingin nebo TIST ko wendi ko teche Koitet ak Tesetab Konetisiet.

En kasari bo Covid-19 ko tesetai TIST en Ng'wony komugul ak tuyosiek kobun kiptanganyit. Tuiyosiechu ko tokingee keteche TIST asi komuch temik konyorchige melekwoik che chang'.

Kimoche ketes itondab koitet ak konetisiet. Kikeyepchi iit kandoikyok che kikomach kikimiit koitosiek chebo kurupisiekchuak che mengechen. Moche temik komin ketik che chang' ako kimoche kiit keitkchoton en kasarta ne mie. Ak keliponchi chebo koristo!

Konetisiet kotoreti temik koyamta Oratinwek Che Miach che Kiyoen Boisiet ak kotes boisionik che imuche kokochi melekweek che chang' kou chepkondok che chutu, kesutik che miach, konetisiet neo, kandoinatet ne kaikai ak alak. Ingetesetai keripe gee ak korikiok en korona ko kikimuch keng'alaleen ole imuche koiitik kowekyi geekoyai koitet en oret ne moimuche konde gee ole ng'oi en Covid-19.

En baruani, igeere alak en ortinwek che kikimuch kekonu.

Asi kimuch keyai Koitet ak Konetisiet, kemcohe Kiboitikab Kurupisiek che chang'.

Kisomook ak kandoik en Kurupisiekwok oboru biik che imuche kineet koik kiboitinik che lelach.

Chu ko alak en tukuk che nyolu igeer....

1. Chito ne nyolu ilewen ko nyolu ko chito ne kikoet. Myolu ko kikoit kenysiek 18 ako momi sukul, anan ko somanet age tugul.
2. Nyolu ko chito ne membayatab TIST, anan ko ne tindo naet akobo TIST ana ko chito ne moche kochut TIST. Membayat ne utat en TISTko noton kokochin kereet ne mi barak.
3. Chito ne kelewen ko neimuche koboisien simoit ne kiwosto (smart phone). Boisien TIST en nguni simoisiek chekowosto en koitosiek, letaetab logoiwek, telechinetab kurupisiek ak alak.

- Biik che kokilewen kinete koik kiboitinik ab kurupisiek che mengech. Angot koyai komie (kotunen) komuche kikochi boisionik che lelach asikomuch kotoretin komie.

TIST Ko Toche karik che lelach chebo letaetab logoiwek.

En kasari bo Covid-19 ko kikegeer en TIST kele kimoche kenyorun ortinwen che lelach ak karik che kiboisiechinen temikyok. Kou temik che chang' chebo TIST che kicheng' ortinwek che kororonche kiboisien, che alak ko kikiyamte kobun pichainik ak kiptanganyit, ko kikoib kokwoutik kandoikab TIST ak ichek koyomtsa ak kotoo karik che lelach che toreti en letaetab logowek. Alak an karichoton ko chu:

During this period of Coronavirus (Covid-19) pandemic, we in TIST, realized that we need to find new methods and tools of serving our farmers. Like most TIST farmers who discovered and tried new Best Practices in their farms, some of which were shared to us via photos and video, TIST Leadership also made significant steps to try, develop new tools to help in communication. Some of these tools include;

- Commcare
- TIST Learning Center
- Phone Tree Messaging (**Logoiwekab simoit chebo ketik**)
- Answer Desk **Mesetab Walutikab TIST**
- Zoom Video Conference
- Whatsapp

Commcare.

Inoni ko ole imuche koyaen chigilisiet TIST, keyaen testi ak kikoito logoiwek kobun internet. Comcare ko kikitoret TIST en nyorunetab logoiwek chebo komonutiet. Kiboitinik tigul chebo Kurupisiek che Mengechen ko kikinnet en ole kiboisyoito commcare.

Ole kinetisien en TIST (TIST Learning Center).

TIST Learning Center (Ole kinetisien en TIST) ko tetutiet nebo internet nekikochob ng'omotikab TIST asikineten Kiboitinik ak temik. Tetutioni k obo

kwonutiet amun kinyoru konetisiet agenge ne agenge. Toretu kolit ng'omnotet ak ng'ulotiet akobo TIST en oret ne nyumnyum ako nebo chorwandit.

TIST Learning Center kenyoru en Google Play store. Iwendi TIST program.com

Logoiwekab simoit chebo ketik (Phone Tree Messaging).

Inoni ko karik che lelech chekiyoktoen ng'alek koiti temik. Nyoru kiboitiotab TIST logoiyot kobun Kandoinatetab TIST ak yeityo koyogtechi membaek en kurupisiek che mengechen. Ni ko toreti en kayagtaetab logoiwek koityi kurupisiek che mengecheenen chepchepindo ak boroinde neo. Kisome membaekab Kurupisiek che mengechen koko nambaisiekab simoisiekchuak koiti Kiboitinikan Kurupisiek asi kimuch ketesta ak ichek tetutichu.
