# **TIST: 2020 Carbon Income Profit Share Vouchers Are Out.**

**C**lean Air Action Corporation (CAAC), the company that manages TIST, is happy to announce 2020 Carbon Income profit share payments. We have so far distributed vouchers last month and have begun payments this month.

Following TIST Values – We are Honest, We are Transparent, We are Mutually Accountable, WE are Servant to each other, We use low budget to create high results – we hereby publish amount that will go to each Cluster listed here below. These payments will be paid to individual Small Groups per their carbon tonnes less pre-payments made in the past.

TIST is grateful for the farmers' efforts in planting trees and keeping them alive. Besides these payments, farmers continue to gain other benefits from trees such as fruits & nuts, honey, firewood, fodder, medicine among others including improving soil in their farms.

For a Small Group to become eligible for these payments, it must have been properly baselined and quantified in the last 18 months. It is important that you talk with your Cluster Servants to make sure that your Small Group remain in good standing all the time.

## Nchiru TIST Cluster: Reaping the Fruits of Hard work.

*By Josephine Gatwiri, TIST Cluster Servant.*

**W**e, Nchiru TIST Cluster members, are delighted today. Being Pioneer Cluster in TIST, we have remained faithful to the program and to ourselves. We started as Field Office back in 2005. Over the years, we have grown and even expanded to create new “Child Clusters.”

Today, we have 45 active Small Groups with 47,467 trees in total. We are still growing.

We are happy to announce and share very good news. Thirty eight (38) of our Small Groups out of 45 have received their Carbon Income profit share vouchers. This translates to 84% of our total groups. These vouchers have brought a sum total of KES 3,346,256.00 which will be paid to the qualifying groups.

We are confident that we will continue to benefit more in TIST. Besides the carbon payments, our trees continue to support our livelihoods.

Please allow us to share with you our top group with highest amount. Twiteithie Small Group , 2007KE165 has the highest amount- KES 115,670.80. Martha Ratanya is a member of this group. She is over- enjoyed to receive this amount with her fellow members. Martha had this to say “ TIST has not only paid our carbon, but has helped us improve my farm. Since joining TIST I have planted over 20 different species of trees. Some are fruit trees, medicinal trees, indigenous and exotic trees.” NChiru Cluster is now motivated than ever before. We will continue to plant many more trees.

---

## Ndivai TIST Cluster: How we came to learn about TIST.

*By Peter Mithiru, Cluster Servant.*

**S**everal ridges away from our village, a gentleman Joseph Kenda came to visit one of our homes in the village. He casually talked about TIST little did he know this was creating interest to his host. Within a short time, word had spread fast about TIST. Farmers started talking about TIST. We decided to reach out to Joseph so he may come and explain to us more about TIST. This was in year 2019.

Today, a few months later, we have spread to other villages and forty one (41) Small Groups have joined TIST. These villages include from Muthiga, Gordon, Kahembe and Nyakinyua. We are in Ndaragwa, Nyandarua County.

We have received TIST Trainings through the Cluster Servant, Peter Mithiru. We are particularly

impressed by Small Group Eligibility Criteria. This is important to us, because it has helped us create well-grounded Small Groups. We have also been trained about Nursery development, Tree species selection, Carbon business and many more.

From these trainings, we are happy to say that we have begun practicing them. Rotational and Servant leadership is now our new norm.

If you would like to join us, please contact our present Cluster leaders. Ruth W. Gatheru – 0710434069, Stephen Karanja - 0722892468.3 and Jane Wanjiru– 0727064520

We meet every month at Nyakinyua center. We are grateful to everyone who has helped us start and we begin to grow.

# Gikumene TIST Cluster: We are stronger in TIST.

*By Dorothy Naitore, member of TIST Leadership Council.*

When TIST was introduced in Kenya back in 2004, we at Gikumene were among the first people to receive TIST, but with a lot of skepticism. We were unsure that someone can pay for trees and still allow the trees to remain in our farms for other benefits.

So, we joined TIST with mixed hopes. We wanted to change our local environment through tree planting, and still yet, we wanted a partner to help achieve this goal. TIST was a reliable partner for this endeavor. We got encouraged to learn that trees help fight against devastating effects of Climate Change. Being in close proximity to Mt. Kenya forest, we had observed some negative changes that we later learned through TIST were attributed to climate changes. Some of the changes including drying up of streams and other cases huge reduction of water levels in our rivers and streams.

We have walked the journey with TIST. We can't regret this decision we made in 2005.

However, we gladly celebrate our strongest TIST member – late Tabitha Stanley, a Small Group member, KiibiriKainganyo 2005KE854. Tabitha, with help of her orphaned grandchildren quickly established a tree nursery with over 10,000 strong seedlings. This effort gave a strong foundation for all of us to participate in TIST. She sold most of these seedlings to other members of the Cluster while many other were planted in her large farm. From there, we continued planting many more trees. Other members learnt on how to establish tree nurseries from Tabitha.

Today, we are celebrating all these efforts. TIST has released carbon profit share vouchers to our Cluster totaling over KES 2 million. Tabitha group is highest paid with KES 563,255.00. Other groups like Gakaro Nurseries 2005ke1066 has a voucher amounting to KES 260, 797,78.

We are now energized. Our five year goal is to recruit further 300 Small Groups. We want to spread the benefits and profits! This effort we hope will bring an additional 300,000 trees.

# Runyenye TIST Cluster: We Are the Change!

*By John Kimathi, TIST Cluster Servant.*

Runyenye cluster we are the change!! We came together as TIST farmers to solve our "common" equation: poverty, hunger and climate change using locally available resources and skills.

Only by planting more useful trees and sharing Best practices during cluster meetings we are now proud to receive our profit share for the year 2020 of over KES 0.8 million from carbon credit.

So far, we have planted over 10,000 fruits/nuts trees by the year 2022 which will produce ten tones of fruit/nuts with an estimated income of KES 6 million per/year through the year 2027.

At Runyenye, we dream and act! We are inviting new members. We meet every first Thursday of the month at Runyenye public ground. You are welcome!

### Top performing Cluster Servants.

## **Ndivai Clasta: Buria twaumbire kumenya TIST.**

*Kuuma Kiri Peter Mithiru, Clasta servant.*

**K**uuma antu araja na ntuura yeetu, Joseth Kenda akija guceera mucii umwe nturere. Akiria nteto jiiigie TIST Indi atamenya atuuri bakenda kumenya nkuruki. Ndeenebya kagita gakai ntumiiri ya TIST yari igwita ntuura yonthe. Arimi bakiambiria kwaria jegie TIST. Arimi bakibanga gucua Joseph nikenda abeera nkuruki mantu ja TIST. Uu wari mwaka wa 2019.

Narua iji, mieri imikai miituku, turi Kiri ntuura ingi na nandi turi na tukundi 41 twa TIST. Ntura iji ni Muthiga, Gordon, Kahembe na Nyakinyua. Turi Ndaragwa ndeene ya Nyandarua County.

Nitugwatite ithomo jia TIST kuuma Kiri Clasta servant Peter Mithiru. Turi na kugwirua kunene niuntu bwa mantu jaria jendekaga ukigatuika memba na wona baita. Tumiiri iji ni ya Bata nuntu nitukuumba

kuthithia ikundi ikuumba kuingia mantu jonthe. Nituthomete nkinya kuthithia nasari, kuthuura mbeu cia miti, biashara ya carbon na ingi nyingi.

Kuuma Kiri ithomo ino, turi na gikeno kuuga nitwambiria gwitithia ngugi. Utongeria bwa muthioruko na jwa gutungatanagira ni ju mugeni muno Kiri twii.

Ukenda gutonya Kiri Batwi, araniria na mutongeria wetu wa nandi Ruth W. Gatheru 0710434069, Stephen Karanja 0722892468 kana Jane Wanjiru 0727064520

Tucemanagia o mweri Nyakinyua center.

Turi na nkatho Kiri muntu uria ombite gututethia kwambiria na ni twambiritie gukura.

## Gikumene Clasta: Turi na inya nkuruki ndeene ya TIST.

*Kuuma Kiri Dorothy Naitore, TIST Leadership Council memba.*

**R**iria TIST yakinyire Kenya 2004, Batwi Gikumene twari bamwe ba mbeere kugwata TIST, indi na wasiwasi muno. Tutetikagia ati muntu no ariwe mbece niuntu bwa kuanda miti na miti iji ikare o mundene na twite mbere kugwata baita ya miti iji.

Niuntu bubu, twatonyere TIST na mathoganio ja maingi. Nitwendaga kuthondeka riera rietu na njira ya kuanda miti na notwendaga wagututethia gukinyiira kioto giki. TIST niyo yoneera kaanya ga gututethia. Nitwagiire na inya kumenya ati miti noyo yuumba gucokia riera uria yakari mbeere ya winyangia. Nuntu bwakwithirua turi akuhi muno na mwitu jwa Mt. Kenya nitwonaga mathina jaria jejanagia na winyangia wa miti na gukurukira TIST twamenya mantu ja ugaruku wa riera. Ugaruruku uju Ni wa kunyaara kwa miuro na kunyihia kwa nduuj miurone. Nitwitiite rugendo ruru amwe na TIST. Tutigitara acara ya ikinya rietu ria gutonya TIST mwaka jwa 2005.

Amwe na bubu, nitugukeneera mumemba wetu wetiire wari na inya muno ndeene ya TIST jawe Tabitha Stanley, mumemba wa kiibiri Kainganyo 2005ke854. Tabitha, amwe na utethio wa tucucu tware niambiririe nasari ya miti ya ntiri 10,000. Ikinya riri nirio riekiire amemba inya ya gwita ngugi na TIST. Niombire kwenderia amemba miti ya kuanda na ingi aanda muundene jwawe. kuuma au tweta mbeere kuanda miti imingi. Amemba bamwe banyeere kuthithia nasari kuumania na Tabitha. Narua iji, turi na gikeno nuntu bwa inya yawe. Clasta yetu ya Gikumene niigwatite vocha jia baita ya carbon ya nkuruki ya Ksh 2 million. Gakundi ga Tabitha Niko Kari na mbece inyingi muno Ksh 563,255.00 Gakundi kang Ni Gakaro nurseries 2005ke1066 Kari na Ksh 260,797.78

Nandi nitwikiri inya inene muno. Nandi ndeene ya miaka itano turienda kuandikithia tukundi tuungi 300. Nitukwendakumenyithania wega na baita ya TIST. Turi na witikio ati amemba baba bakaanda miti nkuruki ya 300,000

## Runyenye Clasta: Nitwi ugaruruku.

*Kimandi Kiri John Kimathi, TIST clasta servant.*

**R**unyenye Clasta nitwii ugaruruku!! Twagatanire amwe ja arimi ba TIST kuthiria thina cietu ja jio...ukia, mpara na ugaruruku wa riera tugitumagira into iria ikwoneka kwa rahisi na uume bwetu.

Na njira ya kuanda miti iri na gitumi na kumenyithania njira Imbega kagiita ka micemanio ya Clasta nandi turi na gikeno kugwata baita ya mwaka jwa 2020 ya nkuruki Ksh 0.8 million.

Mwanka nandi, nituandi miti ya matunda na makandamia 10,000 iria ikoomba gutua tonne ikumi jia matunda na makandamia kuuma mwaka jwa 2022. Uguri wa matunda na makandamia tugikinya 2027 twomba kugwata 6 million o Kiri mwaka.

Aja Runyenye, tugijaga na kioto na tugakithingatiira! Nitugwati arimi ba beeru ugeni. Tucemanagia o muthenya jwa kana jwa mbere o mweri kienine kia Runyenye. Nibu gwati ugeni!

## Nchiru TIST Cluster: Kwigwatira maciara na wira mwega.

*Mwandiki ni Josephine Gatwiri, TIST Cluster Servant.*

Ithui, Nchiru TIST Cluster, twina gikeno umuthi. Turi ambiriria a TIST, nituturite turi ehokeku mradi-ini ona kuri ithui ene. Twambiriirie ta Field Office mwaka wa 2005. Kuuma hindi iyo nituthiite tugukuraga na tugaciirithia cluster ingi njeru.

Gukinyagia umuthi, twina ikundi nini 45 na miti 47,467. No turathii na mbere na gutherema. Twina gikeno kumumenyithia uhoro mwega. Ikundi 38 cia Cluster ni ciamukirite vouchers cia marihi ma carbon. Gicunji kia 84% hari ikundi ciothe cia Cluster itu. Vouchers ici ni cia muigana wa Shiringi 3,346,256.00 iria ikurihwo ikundi icio.

Twinana umiriru tuguthii na mbere na guteithika twi TIST. Tiga marihi ma carbon, miti itu niithiite na mbere na gutuika ya uguni miturire-in iitu.

Reke twoye kamweke gaka tukwire gikundi kiria kirari na mbeca nyingi. Twiteithie Small Group , 2007KEI65 kiri na muigna wa KES 115,670.80. Martha Ratanya ni mumemba wa gikundi giiki. Ina gikeno makiria kwamukira mbeca ici hamwe na amemba a gikundi giake. Martha ekugauu, “TISTtukuriha tu no nii ndeithitie kugaciria mugunda wakwa. Kuuma ndaingira TIST, nihandite makiria ya miti mithemba ngurani 20 iria imwe iri ya matunda, ndawa, yakiunduire na ya guuka.”

Cluster ituya Nchiru Cluster riu twina hinya mweru gukira kambere. Nituguthii na mbere na kuhanda miti miingi.

---

## Ndivai TIST Cluster: Uria twokire kumenya TIST.

*Mwandikini Peter Mithiru, Cluster Servant.*

Mirimo miingi kuuma itura-ini riitu, muthuri umwe ti Joseph Kenda niokire gucera mucii umwe itura-ini riitu. Omagitereta niaririe uhoro wa TIST ata kumenya ati uria ahega uhoro niaguciriirio ni uhoro ucio muno. Gwa kahinda gatari coho, ndeto icio ni ciatheremete naihenya. Arimi makiambia kwaria cia TIST. Tukiona ni wega twethe Joseph nigetha ooke atutaririe wega TIST. Hindioiyo kwari mwaka wa 2019.

Umuthi, mieri miingi thutha ucio, nitutheremetie TIST matura-ini mangi ta Muthiga, Gordon, Kahembe na Nyakinyua. Twina ikundi 41 gukinyagia riu. Twi Ndaragwa, Nyandarua County.

Nitwamukirite ithomo cia TIST kuhitukira Cluster Servant Peter Mithiru. Nitukenetio ni githomo kia uria gikundi kibatie gukorwo Small Group Eligibility).

Githomo giki ni kia bata hari ithui tondu nigutumite ikundi ciitu ikorwo na hinya. Nituthomithitio uria tungithondeka na thari cia miti, mithemba ngurani ya miti, wonjorithia wa riera ria carbon na mangi maingi.

Kumagia na ithomo ici, twina gikeno ati nitwambiririe kuruta wira kuringana na uria tuthomithitio. Utongoria wa guthiururuka na nakwirutira niutuikite undu wa omuhaka kuriithui. Angikorwo ni ukwenda kunyitanira naithui thiini wa TIST, no waranirire na atongoria aaitu a kahinda Ruth W. Gatheru – 0710 434 069, Stephen Karanja - 0722 892 468. 3 na Jane Wanjiru– 0727 064 520 Tucemanagia o mweri haria Nyakinyua center. Twina ngatho kuri mundu oowothe uria ututeithitie kwambaria na guthii tugukuraga.

## Gikumene TIST Cluster: Twina hinya twithiini wa TIST.

*Mwandikini Dorothy Naitore, member of TIST Leadership Council.*

**H**indi iria TIST yokire guku Kenya mwakawa 2004, ithui turi Gikumene twari a mbere wa andu aria mamukirire TIST. No twari na nganja nyingi. Tutiari nama ati mundu no arihe miti nitunaithii na mbere na gukuria irio mugunda-ini na tuthii na mbere na guteithika na miti oro iyo.

Koguo, twaingiririe TIST twina mwihoko utiganite. Nitwendaga kugaciria itura riitu hari maundu maria maturigiciire, na nitwenda mradi tunginyita nira nigetha tukinyinirie itanya riitu. TIST igituita murata wakwihokeka. Nitwaguciriirio ni guthomithio ati miti nihotaga kuhurana na ugaruruku wa riera. Tondu twihakuhi na mutitu wa Mt Kenya, ni twakoretwo tukiona maugaruruku matari mega maria twathomire twi TIST ati marehetwo ni ugaruruku wa riera. Maugaruruku ta macio mari kuhwa kwa ithima na kuria kungi tukwona maii nju-ini ciitu magikundera.

Nituthiite thabari na TIST. Tutingirira itua riria twatuire kuingira TIST mwa kawa 2005.

Ona kuri ouguo, niturakunguira memba umwe witu gitugi kirumu – Mwendwaniiri Tabitha Stanley, mumemba wa Kiibiri Kainganyo 2005KE854. Tabitha agiteithania na tucukuru atigiirwo twangoriai, niwe wari wambere kwambiriria na thari ya miti iria yari na mimera 10,000. Wira uyu wake niwatumire tugie na kianjiriria kiega hari TIST. Tabitha niatwendeirie miti yake na iria ingi akihanda gwake mugunda. Amemba angi nimagiire na githomo gia guthondeka giito (nathari) kuuma kuri Tabitha.

Umuthi niturakunguira wira uyu. TIST niirekereirie vouchers cia faida ya carbon kuri Cluster itu ya makiria KES 2 million. Gikundi gia Tabitha ni kiokiri na marihi ma iguru makiria KES 563,255.00. Ikundi ingita Gakaro Nurseries 2005ke1066 kina voucher ya KES 260,797,78.

Riu twina hinya mweru. Itanya riitu ria miaka itano iguuka turenda kwongerera ikundi njeru 300. Turenda arimi othe mateithike. Itanya riri turenda riongerere makiria ya miti 300,000 mieru.

## Runyenye TIST Cluster: Niiuthie Ugaruruku!

*Mwandikini John Kimathi, TIST Cluster Servant.*

**R**unyenye cluster niithui ugaruru uria mwega. Twacokaniire hamwe nigetha tuhurane na mathina maria matukonie – ukia, ng'aragu, ugaruruku wa riera – tukihuthira indo iria twinacio.

Kumanagia na kuhanda miti iria yagiriire na gucenjania meciria hindi iria twi micemano ya Cluster, riu twina ngatho tukiamukira faidaya carbon ya mwaka wa 2020 iria ina mbeca makiria ma 0.8 million mbeca cia Kenya.

Gukinyagia riu, nituhandite makiria ya miti ya matunda 10,000 iria twina mwihoko nigutuhe makiria ya tani nyingi cia matunda na ngando na iturehe Shiringi Ksh 6 million o mwaka nginyagia mwaka wa 2027.

Turi Runyenye, turotaga cioneki na tugeka. Riu nituroria arimi angi maingire TIST tukure hamwe. Tucemanagia wakana wambere wa mweri haria Runyenye public ground. Nitwakunyita ugeni.

### **Aria matongoretie ikundini-ini cia Clasta.**

# **TIST: Vocha za Kushirikiana za Faida ya Mapato ya Carbon ziko nje.**

**S**hirika safi la Action Air (CAAC), kampuni inayosimamia TIST, inafurahi kutangaza malipo ya hisa ya mapato ya Carbon 2020. Tumesambaza vocha mwezi uliopita na tumeanza malipo mwezi huu.

Kufuatia Maadili ya TIST - Sisi ni Waaminifu, Sisi ni Wazi, Tunawajibika kwa pande zote, TUNAJITUMIKIANA, Tunatumia bajeti ndogo kuunda matokeo mazuri - tunachapisha kiasi ambacho kitakwenda kwa kila Nguzo iliyoorodheshwa hapa chini. Malipo haya yatalipwa kwa Vikundi vidogo kwa kila tani yao ya kaboni chini ya malipo ya awali yaliyofanywa zamani

TIST inashukuru juhudi za wakulima katika kupanda miti na kuiweka hai. Licha ya malipo haya, wakulima wanaendelea kupata faida nyingine kutoka kwa miti kama matunda na karanga, asali, kuni, lishe, dawa kati ya zingine ikiwa ni pamoja na kuboresha mchanga katika mashamba yao.

Ili Kikundi Kidogo kilistahiki malipo haya, lazima iwe imetengwa vizuri na kuhesabiwa katika miezi 18 iliyopita. Ni muhimu uzungumze na Watumishi wako wa Nguzo ili kuhakikisha kuwa Kikundi chako Kidogo kinabaki katika msimamo mzuri wakati wote.

# Nguzo ya Nchiru TIST: Kuvuna Matunda ya Kazi ngumu.

*Na Josephine Gatwiri, Mtumishi wa nguzo ya TIST.*

**S**isi, wanachama wa Cluster ya Nchiru, tunafurahi leo. Kuwa nguzo ya waanzilishi katika TIST, tumebaki waaminifu kwa programu na sisi wenyewe. Tulianza kama Ofisi ya Shambani nyuma mnamo 2005. Kwa miaka mingi, tumekua na hata kupanua kuunda "Vikundi vya watoto" vipya.

Leo, tuna Vikundi vidogo vidogo vyenye miti 47,467 kwa jumla. Bado tunakua.

Tunayo furaha kutangaza na kushiriki habari njema sana. Vikundi thelathini na nane (38) vya Vikundi vyetu Vidogo kati ya 45 vimepokea vocha zao za mapato ya Carbon Mapato. Hii inatafsiri kwa 84% ya vikundi vyetu vyote. Vocha hizi zimeleta jumla ya KES 3,346,256.00 ambazo zitalipwa kwa vikundi vya kufuzu.

Tuna hakika kwamba tutaendelea kufaidika zaidi katika TIST. Licha ya malipo ya kaboni, miti yetu inaendelea kusaidia maisha yetu.

Tafadhali turuhusu kushiriki nawe kikundi chetu cha juu na kiwango cha juu zaidi. Kundi Ndogo la Twiteithie, 2007KEI65 ina kiwango cha juu zaidi-KES 115,670.80. Martha Ratanya ni mshiriki wa kikundi hiki. Anafurahi sana kupokea kiasi hiki na washiriki wenzake. Martha alikuwa na haya ya kusema "TIST haijalipa tu kaboni yetu, lakini imetusaidia kuboresha shamba langu. Tangu niunge na TIST nimepanda zaidi ya spishi 20 za miti. Mingine ni miti ya matunda, miti ya dawa, miti ya asili na ya kigeni."

Nguzo ya NChiru sasa imehamasika kuliko hapo awali. Tutaendelea kupanda miti mingi zaidi.

---

## Kikundi cha Ndivai TIST: Jinsi tulivyopata kujifunza juu ya TIST.

*Na Peter Mithiru, Mtumishi wa nguzo.*

**M**atuta kadhaa mbali na kijiji chetu, bwana Joseph Kenda alikuja kutembelea moja ya nyumba zetu kijijini. Aliongea kawaida juu ya TIST hakujua kuwa hii inaleta hamu kwa mwenyeji wake. Kwa muda mfupi tu, habari ilikuwa imeenea haraka juu ya TIST. Wakulima walianza kuzungumza juu ya TIST. Tuliamua kumfikia Joseph ili aje atueleze zaidi kuhusu TIST. Hii ilikuwa katika mwaka 2019.

Leo, miezi michache baadaye, tumeenea katika vijiji vingine na Vikundi vidogo arobaini na moja (41) vimejiunga na TIST. Vijiji hivi ni pamoja na kutoka Muthiga, Gordon, Kahembe na Nyakinyua. Tuko Ndaragwa, Kaunti ya Nyandarua.

Tumepokea Mafunzo ya TIST kupitia Mtumishi wa

Nguzo, Peter Mithiru. Tumevutiwa sana na Vigezo vya Ustahiki wa Kikundi Kidogo. Hii ni muhimu kwetu, kwa sababu imetusaidia kuunda Vikundi vidogo vyenye msingi mzuri. Tumefundishwa pia juu ya ukuzaji wa Kitalu, uteuzi wa spishi za Miti, biashara ya Carbon na zingine nyingi.

Kutoka kwa mafunzo haya, tunafurahi kusema kwamba tumeanza kuyafanya. Uongozi wa Mzunguko na Mtumishi sasa ni kawaida yetu mpya. Ikiwa ungependa kujiunga nasi, tafadhali wasiliana na viongozi wetu wa sasa wa Nguzo. Ruth W. Gatheru - 0710434069, Stephen Karanja - 0722892468.3 na Jane Wanjiru - 0727064520. Tunakutana kila mwezi katika kituo cha Nyakinyua. Tunashukuru kwa kila mtu ambaye ametusaidia kuanza na tunaanza kukua.

# Nguzo ya Gikumene TIST: Tuna nguvu katika TIST.

*Na Dorothy Naitore, mwanachama wa Baraza la Uongozi la TIST.*

**W**akati TIST ililetwa Kenya nyuma mnamo 2004, sisi huko Gikumene tulikuwa kati ya watu wa kwanza kupokea TIST, lakini kwa wasiwasi mwingi. Hatukuwa na uhakika kwamba mtu anaweza kulipia miti na bado anaruhusu miti kubaki kwenye shamba zetu kwa faida nyingine.

Kwa hivyo, tulijiunga na TIST na matumaini mchanganyiko. Tulitaka kubadilisha mazingira yetu ya ndani kupitia upandaji miti, na bado, tulitaka mwenzu kusaidia kutimiza lengo hili. TIST alikuwa mshirika wa kuaminika kwa shughuli hii. Tulipewa moyo kujifunza kwamba miti husaidia kupambana na athari mbaya za Mabadiliko ya Tabianchi. Kuwa karibu na Mt. Msitu wa Kenya, tulikuwa tumeona mabadiliko mabaya ambayo baadaye tulijifunza kupitia TIST yalitokana na mabadiliko ya hali ya hewa. Baadhi ya mabadiliko ikiwa ni pamoja na kukausha kwa mito na visa vingine upunguzaji mkubwa wa viwango vya maji katika mito na vijito vyetu. Tumetembea safari na TIST. Hatuwezi kujuta uamuzi huu ambao tulifanya mnamo 2005.

Walakini, tunasherehekea kwa furaha mshiriki wetu hodari wa TIST - marehemu Tabitha Stanley, mwanachama wa Kikundi Kidogo, Kiibiri Kainganyo 2005KE854. Tabitha, kwa msaada wa wajukuu zake mayatima alianzisha haraka kitalu cha miti chenye miche zaidi ya 10,000. Jitihada hii ilitoa msingi wa kupotea kwa sisi sote kushiriki katika TIST. Aliuza miche hii mingi kwa washiriki wengine wa Nguzo wakati nyingine nyingi zilipandwa katika shamba lake kubwa. Kutoka hapo, tuliendelea kupanda miti mingi zaidi. Washiriki wengine walijifunza jinsi ya kuanzisha vitalu vya miti kutoka Tabitha.

Leo, tunasherehekea juhudi hizi zote. TIST imetoa vocha za kushiriki kaboni kwa nguzo yetu kwa jumla ya zaidi ya KES 2 milioni. Kikundi cha Tabitha kinalipwa zaidi na KES 563,255.00. Vikundi vingine kama Gakaro Nurseries 2005ke1066 vina vocha ya jumla ya KES 260, 797,78.

Sasa tumepewa nguvu. Lengo letu la miaka mitano ni kuajiri Vikundi 300 zaidi. Tunataka kueneza faida na faida! Jitihada hii tunatumai italeta miti zaidi ya 300,000.

## Nguzo ya Runyenye TIST: Sisi Ndio Mabadiliko!

*Na Johnkimathi, Mtumishi wa nguzo ya TIST.*

**N**guzo ya Runyenye sisi ndio mabadiliko !! Tulikutana pamoja kama wakulima wa TIST kusuluhisha umaskini wetu wa kawaida, umaskini, njaa na mabadiliko ya hali ya hewa kwa kutumia rasilimali na ujuzi unaopatikana hapa nchini.

Ni kwa kupanda miti muhimu tu na kushiriki njia bora wakati wa mikutano ya nguzo sasa tunajivunia kupokea faida yetu kwa mwaka 2020 ya zaidi ya KES 0.8 milioni kutoka kwa mkopo wa kaboni.

Hadi sasa, tumepanda zaidi ya miti ya matunda / karanga 10,000 ifikapo mwaka 2022 ambayo itazalisha tani kumi za matunda / karanga na mapato yaliyokadiriwa ya KES milioni 6 kwa mwaka kwa mwaka 2027.

Katika Runyenye, tunaota na kutenda! Tunaalika wanachama wapya. Tunakutana kila Alhamisi ya kwanza ya mwezi katika uwanja wa umma wa Runyenye. Unakaribishwa!

### **Watumishi wa Clasta wanaoongoza.**

## Ngwatanio ya TIST Nchiru: kuketha matunda ma wia muito.

*Na Josephine Gatwiri, muthukkumi wa ngwatanio ya TIST.*

Ithyi, ene ngwatanio ya TIST Nchiru twina utanu umuthi twi ambiliilya ma ngwatanio nthini wa TIST, nitwithiitwe twi aikiiiku kwa walanio uyu na kwitu ene. Twambiie ta uvisi wa miundani mwaka wa 2005. Nthini wa imyaka nitwianite na kuthathaa na kusyaa ngwatanio ingi.

Umuthi twina tukundi 45 tula twivo na miti mbee wa 47,467 kwa vamwe. Nituendee na kwiana.

Twina utanu kumumanyithya kana katiwa tukundi tuu 45 tukundi 38 nitukwatite mathangu ma ndivi ya kuaana vaita. kii nundumwe na kilungu kya 84%k ya tukundi twitu. Mathangu aya meekwa isavu vamwe maendee isavu ya KES 3,346,256.00 ila ikuivwa tukundui tula tuthiane na kuvitukithw'a. Twina muikiio kana nitukuendee ukwata vita nthini wa TIST eka ndivi sya nzeve itavisaa, miti nikuendee na ukwatiia mikalile yitu.

Kwandaia eka tutane naku kuumanyithya iulu wa kikundi kitu kila kiivitwe ne mbesa ila mbingi. Kakundi ka Twiteithie 2007KEI65 niko kena ndivi ila nene nayo ni KESI 15,670.80. Martha Ratanya ni umwe wa memba ma kikundi kii ena utanu munene kukwata ndivi ino vamwe na memba angi ma kakundi kaa. Martha eina uu wa kwasya "TIST ndiivite ndeve itavisaa tu indi nitutethee kwailya miunda yitu. Kuma nalika nthini wa TIST nimbandite miti mithemba mbee wa 20. Imwe ni miti ya matunda, ingi ni ndawa, indi nimiti yauka na ingi nila yimeasya kuu".

Ngwatanio ya TIST Nchiru yi nyina uthangaau kwi mbeeni na nitukuendee uvanda miti ingi mingi.

---

## Ngwatanio ya TIST Ndivai: Undu twesie umanya iulu wa TIST.

*Na Peter Mithiru, muthukumi wa ngwatanio.*

Kuma syandani syinavu mbee kuka utuini witu mwanake umwe kwesiyitwa Joseph Kenda niwookie musyini umwe. Niwaneeneie TIST okwa ukuvi ateumanya kana niwavanda kindu ngooni kwa mwene musyi ula wathokeie. itina wa ivinda ikuvi ndeto iulu wa TIST nisyanyaiikie utuini kuma kwa mutui ula wathokewe. Aimi nimambiie kuneena iulu wa TIST. ni twaamuie tumuvikie joseph nikana oke atueleake mbee iulu wa TIST kwi mwaka wa 2019.

Umuthi, itina wa myai kauta, nitunyaiikitye uvoo uuu wa TIST kwa atui angi na tukundi 41 nitusevutw'e na kulika nthini wa TIST. Mautui ala mena tukundi ni vamwe na Muthiga, Gordon, Kihembe na Nyakinyua. Twi nthini wa Ndaragwa, Nyandarua County.

Nitukwatite umanyisyo kuma kwa TIST kwisila muthukumi wa ngwatanio Peter Mithiru.

Nitutanithitw'e na kwendeew'a ni undu tukundi tunini turalikaa nthini wa TIST. uu niundu wa vata kwitu nundu niututetheesye kuseuvya tukundi tunini twi misingini ila yaile. Nitumanyiitw'e iulu wa useuvya ivuio, mithemba ya miti, viasala wa nzeve itavisaa na maundu angi maingi.

Kumana na maumanyisyo aya twina utanu kuweta kana nitwambiia kumaatiia. Utongoia wa kumanisya na uthukumi wa kwiyumya ni maundu amwe tuendeesye.

Ethiwa nukwenda kulikanana naitu kwandaia neena na muthukumi kana mutongoi wa ngwatanio yitu Ruth W. Gachery - 0710434069, Stephen Karanja - 0722892468 kana Jane Wanjiru 0727064520.

Tukomanaa kila mwai vaaya Nyakinyua Twina muvea kwa kila umwe ututetheesye kwambiia na oundu tuendee kwiana.

# Ngwatanio ya TIST Gikumene: Ithyi twinavinya nthini wa TIST.

*Na Dorothy Naitore, memba wa utongoi wa kanzu ya TIST.*

**Y**ila TIST yeetavanisye Kenya mwaka wa 2004, ithyi ma Gikumene twai kati wa andu ma mbee kwitikila TIST, onakau tuyamiikiia vyu. Tuyai na uw’o kana mundu no aive nundu wa miti na kumitikila yikale miundani yitu na tukakwata vaita ungi vo.

Kwoou, twalikile nthini wa TIST twina mawikwatyo kivathukano. Nitwendaa uvindua nzeve ya mawithyululuko maitu kwa nzia ya kuvanda miti na ingi nitwendaa ukwatana na mundu ututetheesya kuvikia mwolooto uyu. TIST niyeethiwe ya kwikwatw’a ngwatanioni ino. Nitwathuthikie kumanya kana miti nikukitana na uvinduku wa nzeve. Nundu twivakuvi na kiima kya Mt. Kenya na mutitu wakyo, nitwakusiiite uvinduku utemuseo wa nzeve na itina kwisila kwa TIST tweethia no tuete uvinduku museo. kila twakusiie kwa uvinduku muthuku wa nzeve nita kung’ala kwa mikao na kuoleka kwa kiw’u mbusini na mikaoni.

Kyaloni kii tuendanitye na TIST, tuikwilila kumya utw’io ula tweekie 2005. Onakau, twina muyo kutania memba umwe ula mulumu muno kwa TIST

- Mututia Tabitha Stanley ula ni memba wa kakundi kanini ka Kiibiri kainganyo 2005KE854. Tabitha vamwe na esukuue make ndiwa nimambiie kivuio kina miti mbee wa 10,000. Kithito kii kyai musingi mulumu kwa ithyothe kukwatania nthini wa TIST. Mbeu ino niwamitee kwa amemba aingi mangwatanio ino, na ila ingi avanda kithekani kwake. Kuma vau nitwambiie kuvanda miti kwa wingi, aingi nitweemanyisye undu wa useuvya kivuio kuma kwa tabitha.

Umunthi, tiwtania kithito kii. TIST nitunete mathangu ma undu vaita wa nzeve itavisaa ukuanwaa vala ngwatanio yitu kwa vamwe twina mbee wa KES 2millioni. Kikundi kya Tabitha nikyo kiivikite muno kina KES 563,255.00. Ikundi ingi ta Gakaro Nurseries 2005KE1066 mena ithangu ya ndivi ya silingi KES 260,797.78.

Ithyi yu twina vinya, Mwolooto witu wa myaka itatu mikumanyisya na kukwatania tukundi 300. Twienda unyaiikya vaita na moseo! twiikwatya kana kithito kii nikikuete wongeleku wa miti ta 300,000.

---

## Ngwatanio taya TIST Runyenye: Nithyi uvinduku!

*Na John kimanthi, muthukumi wa ngwatanio ya TIST.*

Ngwatanio ya Runyenye nithyi uvinduku!! Twakwatanie vamwe ta aimi ma TIST kuthinikia mathina maitu ma vamwe ala ni ukya, Nzaa, na uvinduku wa nzeve tuitumia kila twinakyo na umanyi ula twinaw’o. No kwakuvanda miti ya vata, kumanyiany’a iulu wa mawiko maseo yila twina wumbano wa ngwataniotwina kwikathii/miyono kuaiwa vaita wa wa mwaka 2020 ila yi iulu wa KES 0.8million kuma utandithyani wa nzeve itavisaa (carbon credits) .

Kuka uvika vau nituvandite miti mbee wa 10,000 ya matunda na mbuti/mbindi ila kuvikia mwaka wa 2022 ikwithiwaiyimya tani sya matunda nambindi/mbuti syina utalithyo wa kuete silingi KES 6million kwa mwaka kuthiuvika mwaka wa 2027. Nthini wa Runyenye, tuotaa na kwika! Twithokya amemba eu, tukomanaa kila wakana wa kyumwa kya mbee kya mwai vaaya kiwanzani kya Runyenye. Wimuthokya!
