MAHIGA ACTION B: HARVESTING FLOOD WATER FOR FARMING.

We, Mahiga Action B small group have come up with innovative ways of combating drought in our area which is a semi arid area.

We have constructed a dam that collects run away water during rainy season. This water is preserved and we later use it irrigate our trees and also water the seedlings.

We are happy now that most of the trees we plant are able to survive harsh dry spells. We are thinking of ways we can make our pond habitable to fish so that we can start fish rearing.

We have also learnt new best farming practice- Conservation Farming – from TIST program. We are now practicing it for the first time and hope to increase our yields.

MAHIGA ACTION B: KATHURANIA RUUJI RWA MUGWUU NIUNTU BWA URIMI

Itumbite gucwa njira injru, turi gakundi kaniini ka Mahiga Action B, niuntu bwa uria gukari ta Rwanda.

Itwinjite Dam iria itumbithagia kuthurania amwe ruuji rwa ngai ruria ruuraga kwaura Ruuji ruru Turwikaga tukeja kurutumira nyumene gukundia miti yetu na miti iria iri kiumithirione gwetu.

Itugwiritue niuntu miti yetu niumbaga gukura kinya kethirwa ikwithagarwa kwarite mono. Itukuthugania kinya njira iria tumba gutumira ta ruuji kuthithia biuga bia kurithiria makuyu.

Ituthomete njira injeru cia kurima ta cia urimi bubwega (Conservation farming) kuumania na uritani bwa TIST. Inandi twambiritie urimi bubu ria mbere na turi na wirigiiro bwa guketha mono.
NARUMORO OFFICE: WE TAKE PRIDE IN SERVING TIST COMMUNITY.

We the Narumoro office have achieved exciting new goals during the month of April 2007. We take pride in serving the TIST community well especially the TIST participants.

The in-house trainings conducted this month were both successful. Kiamahuri and Kahurura venues were well attended. Participants are very happy for being equipped well with core program components. Participants were particularly grateful for being taught the economic, social and environmental benefits of planting trees.

Conservation farming topic came at the right time when the farmers were preparing their shambas for the next season. Farmers were happy with this new farming method and were all eager to practice it. Those who had already practiced offered encouragement to others by sharing their comparative yields with the conventional farming. They said that conservation yields were doubled the yields from traditional farming.

Quantification has been going smoothly and we commend the Quantifiers for their good efforts. We also have new Quantifiers, Leah and Simon. We have confidence with them that they are going to work hard. This office wishes them good luck, and promises to provide them with any assistance they may require from us.

Recruitment and registration of new small groups is as well running smoothly. We continue to go to new areas and bring more people on board. Truly, TIST is making a difference.

UBICI YA NARUMORO GWIKUMIRIA KURITANA ANTU BA TIST NGUGI.

Batwi turi ubici ya Narumoro itumbite gukinya aria turendete mweri juju jwa April, 2007.

TIGITHI CONSERVATION SMALL GROUP: OUR GAINS SO FAR.

TIST AND DEVELOPMENT

TIST has come to our community
Not to bring us handouts
But to give us knowledge
And raise our living standards.

Through tree planting
We get incentives of carbon credits
We improve our weather condition too
And hence we get good rainfall

We have gained knowledge on
conservation farming
We now get more yields from our farms
And we can proudly lay a square meal daily
Through our efforts

Come all and join hands with us in TIST
To eradicate poverty and improve
our well being
Let us say ‘No’ to relief food
TIST has enabled us to feed ourselves.

By Eunice Wambui.

TIST NA MAENDELEO.

TIST ikwija gwetu
Ti kubwa maratasi ja uritani
Indi ikubwa uume
Na gukiria miturire yetu.

Kinya twanda miti
Itwonaga mbeca kumania na wendia
bwa ruugo
Nitwejaga ruugo runwega
Na tukona ngai bwega.

Itugite uume bwa urimi bubwega
Twona maketha nkuruki miundene yetu
Na itwonaga biakuria ntuku cionthe
Kumania na wiru bwetu.

Ijeni bwinthe tugwatane njara turi kiri TIST
Twinge ukia tuthongomie
miturire yetu
Tuuge “Ari” kiri irio biria tutethaguanabio
TIST nitumbithitie kwirera twigwa.

Mwandiki ni Eunice Wambui.
KINYARITHA OFFICE SPREADS TIST BENEFITS TO NEW AREAS.

Kinyaritha office is still expanding. We have continued to go to new areas and spread TIST benefits to communities.

TIST farmers have increased their effort in planting trees. A case in point is MITI ni Mali small group which our Quantifiers recently counted 74,199 live trees! This is an excellent job and the office has continued to train farmers on benefits of tree planting and particularly in regards to reducing carbon levels in the atmosphere where they earn income besides other benefits.

Conservation Farming remains a success story. TIST farmers are now practicing it on their entire crop farms. For now, food security among the TIST community members in these has been addressed. Never again, people will depend on relief food!

The TIST best practices that include rotational leadership blended with servant leadership has not only made the small groups to harmoniously conduct their activities but has greatly been replicated in community leadership where increased responsible, accountable leadership and governance has been experienced. People, in or out of the program, that have benefited with this topic have increasingly adapted better ways of managing conflicts in the society. It is a valuable practice.
Areas that we have recently covered include Kigucwa, Mulango, and Igembe. We will make these new areas a true success as well.

As Quantifiers travel far and wide during their quantification work, sometimes they came across marveling natural features. For instance, a pair of Quantifiers- Jane and Josephine, while quantifying a group near a certain forest, they were taken round a particular shrine/ cave that has been named by the local community as “Power house”. It is a beautiful, quiet scenery with historical and spiritual significance that the local people regard as a holy place. The beauty of nature truly manifests here and the Quantifier encouraged them to continue preserving the forest.

Guntu kuria tumbite gukinya ni kigucwa, mulango, na igembe. Tugatuma guntu guku kweru gukura kinya ku.

Atari ba miti bari ngugine yao rimwe ibetagiira guntu kwa kurigarania. Ta atari ba miti Jane na Josphine ibethiire gikurungu kimwe gia kurigarania mwitune. Gikurungu giki gitagwa ni antu ba no “Nyomba ya inya” Ni guntu gukuthongi, kuri na ukiri na ni antu a kirikana na antu ba nao baugaga ni antu atheru. Uthongi buria buri aja ugukiritie antu aja mona na atari baba aberite antu ba aja bete na mbere kumenyera mwitu.
CHUGU OFFICE FINDS A TRUE “FRIEND” IN A TREE.

MY FRIEND – THE TREE.

My friend the tree
A sure reminder of God’s provision for us.
And all His creation
A beautiful canopy you have.
Your unseen roots are the means of sustenance
You hide your age within your body
The wind blows and the rain beats upon you
And we hear you bend and sigh
Taking the strains of life
You stretch out of your arms
To the dome of the sky
And you allow others to make a home with you
Rabbits burrow beneath you
Squirrels make a ladder
My friend tree, you are a refuge for life.

The tree is a friend
Direct and indirect provision
Shelter, shade, and firewood you provide
Clean air we breathe
You beautify our country
Fruits and medicine you provide
A true source of life to mankind.

MUCORE WAKWA – MUTI

Mucore wakwa muti
Kirikana kia ma kia Murungu kiri batwi
Na biumbe bionthe.
Gintu gikithongi gia kwithirwa turi nakio
Miri iria itionagwa niyo kigwatiro
Withaga ukuru mwirine jwaku
Ruugo rurutanaga na ngai igakuringa
Na itwonaga uria winamaga
Ukijukagia uturo na inya
Utamburukagia njara ciaku
Guntu kunthe iguru
Ugetikiria baangi baaka nga kirigwe
Tugituju natu ruungu rwaku
Minugu ikathithia ngati ya gwitia kirigwe
Mucore wakwa muti, igwe gicitho okia mwoyo
Muti ni mucore
Amberekerete kana atimberekerete
Muunye, kithiiki, nku nwejanaga
Ruugo rutheru ruria tukucagia
Uthongi bwaku nthiguru yetu
Matunda na ndagwa nutuejaga
Kiumo kia ma kia mwoyo jwa muntu.

English: Small group members assisting one of their members in harvesting her crops.

7 WAYS TO BETTER MANAGE YOUR TIME.

Time is one of the most precious gift we have been given. God has given us time to learn, love, work, and have fun, and even to get healthier and wiser.

As you grow into a more complete individual, you realize how precious time is, and how important it is to use it to your advantage. Whether it is time to go to school and get the most out of it, to start a family, to give more to your existing family, or even to start a business, learning how to organize and manage your time is the best way to reach your goals and become more successful.

Follow these simple tips to help you manage time and lead a more productive life:

**Tip 1: Determine your priorities.**

Find out what is most important to buy by giving everything in your life – from family, friends and partners to work, play, studies – a level of priority.

Divide a piece of paper in 4 section each with a number from 1 to 4, 1 being the first priority of your life into the appropriate box. You will now have a clear idea of what things in your life should be considered big priorities, lower priorities, etc.

**Tip 2: Make a list of your life-long dreams and start working towards them.**

Include any and every unfulfilled dreamt you ever had. Be creative. Write down a list of goals and dreams that you want to achieve. Every year, at the start of the year, you can review this list, cross out whatever has been done and add new things. Then (and always with your priorities I mind) start working and moving towards achieving one or more of these dreams and goals.
Tip 3: Be proactive / plan ahead.

Write down on a piece of a paper all of the things you must get done, and want to get done on a daily basis. Organize your day the night before. That way, you will not waste time organizing and planning for the day that already started. The To Do List will also give a chance to determine if you have enough time to do it all in one day or if you need to ask for help from others. It will also help you see how much time you need to accomplish every goal.

Tip 4: Stay organized.

One of the key elements of managing your time is staying organized. If it took you a half a day to clean your room, it may very well be because that the area was messy and unorganized. Understand that spending a few extra minutes each day putting things where they should go will save you hours later on. There is no excuse for being disorganized. It takes hardly any time to keep everything in order, and it prevents the stress and anxiety associated with in a messy, cluttered area. Cleanliness also prevents the procrastination that comes from not wanting to deal with such a mess.

Tip 5: Stay focused.

Keep in mind what you have already determined is important to you. Make your actions align with these thoughts, and continue to focus on the end goal.

Tip 6: Be grateful.

Thank God every night before going to bed for all the big and small things you managed. If you didn’t mange all the things you had planned, acknowledge it as a lesson learned and look at the new ahead as a new 24-hour-long opportunity to do more. You did a great job today, and tomorrow will be even better.
Tip 7: Ask for help:

We cannot do everything alone. As a matter of fact, we never do because we are alone. Do not be afraid to ask for help for there are lessons to be learned from those who help us. When you create partnership, form small and constructive groups, you raise your capacity to achieve more. You learn from others and this helps you to improve on your weak areas.

Putting the above points into practice will make you easily achieve your ultimate goals in life. Commitment, dedication and persistence are also core requirements in order to realize your goals.

TIST will continue to offer you articles we hope will be a benefit for your daily life besides other helpful information obtained from other small groups that will make you and your small group prosper. All this is done so that, together, we can reach our full potential. We have unlimited power that lies within each one of us. Significantly, we must agree to learn by doing.
